Hunter Thompson takes stock in his tumultuous life and assesses the current situation in America in a very aptly titled book. At its best, Kingdom of Fear evokes the glory days of Thompson. At its worst, it wallows in some rather pitiful encounters which may have been better left unsaid, such as his flirtation with an 8-year-old Xania.

The author describes his early days as a smart-mouthed Kentucky kid, his law-breaking journalism, his campaign for sheriff of Aspen on the Freak Power ticket, and his experience in the riots at the Democratic Convention in Chicago.

Hunter S. Thompson's Kingdom of Fear is the wild and outrageous autobiography from the world's most notorious journalist. It's an unrestrained and uncensored account of fast living, hard drinking, sharp writing and unimaginable drug taking; of road trips, girls, guns, bikes and being accused of trying to kill Jack Nicholson. Kingdom of Fear is both personal and political; an explosive life story and a no-holds-barred assassination of contemporary America.

Hot damn! Let us rumble, keep going and don't slow down ... let's have a little fun ...' In his much-anticipated memoir, Hunter S. Thompson looks back on a long and productive life. It is a story of crazed road trips fuelled by bourbon and black acid, of insane judges and giant porcupines, of girls, guns, explosives and, of course, bikes. He also takes on his dissolute youth in Louisville; his adventures in pornography; campaigning for local office in Aspen; and what it's like to accidentally be accused of trying to kill Jack Nicholson. Alongside this 'depraved and terrifying adventure', Hunter S. Thompson exposes the darkness at the heart of America today: a time when the 'goofy child President' and the New Dumb have taken control, and the nation thralls to Bush's War on Terror, War on Evil, War on Iraq, and even War on Fat ... a time when fear and loathing are greater than ever.

In this memoir, Hunter S. Thompson looks back over decades of fast living, hard drinking and sharp writing. It is a story of crazed road trips fuelled by bourbon and black acid, of insane judges and giant porcupines, of girls, guns, explosives and, of course, bikes.

An anthology of top-selected Rolling Stone articles offers insight into both the late Thompson's early career and the magazine's fledgling years, in a volume that includes the stories of his infamous Freak Party sheriff campaign and his observations about the Bush-versus-Kerry presidential rivalry. By the best-selling author of *The Rum Diary*. 100,000 first printing.

Presents a collection of writings from the author's column "Hey Rube" on ESPN.com, covering such topics as retaliation for September 11th, his suggestions for "fixing" baseball, and other thoughts on politics, sports, and gossip.

This compilation of selected personal interviews traces the trajectory of Thompson's prolific and much-publicized career. These engaging exchanges reveal his determination, self-indulgence, energy, outrageous wit, ire, and passions, as he discusses his life and work.

An unconventional portrait of the iconic gonzo writer known for such works as *Fear and Loathing in Las Vegas* recounts the drug- and sex-fueled experiences he shared with the author, drawing on dozens of interviews with his friends, associates and editors. Original.

First published in 1990, *Songs of the Doomed* is back in print -- by popular demand! In this third and most extraordinary volume of the *Gonzo Papers*, Dr. Hunter S. Thompson recalls high and hideous moments in his thirty years in the *Passing Lane* -- and no one is safe from his hilarious, remarkably astute social commentary. With Thompson's trademark insight and passion about the state of American politics and culture, *Songs of the Doomed* charts the long, strange trip from Kennedy to Quayle in Thompson's freewheeling, inimitable style. Spanning four decades -- 1950 to 1990 -- Thompson is at the top of his form while fleeing New York for Puerto Rico, riding with the Hell's Angels, investigating Las Vegas sleaze, grappling with the "Dukakis problem," and finally, detailing his infamous lifestyle bust, trial documents, and Fourth Amendment battle with the Law. These tales -- often sleazy, brutal, and crude -- are only the tip of what Jack Nicholson called "the most baffling human iceberg of our time." *Songs of the Doomed* is vintage Thompson -- a brilliant, brazen, bawdy compilation of the greatest sound bites of Gonzo journalism from the past thirty years.

50th Anniversary Edition • With an introduction by Caity Weaver, acclaimed New York Times journalist This cult classic of gonzo journalism is the best chronicle of drug-soaked, addle-brained, rollicking good times ever committed to the printed page. It is also the tale of
