Sharp-shooting cop Katerina Hellman needs a fresh start. Leaving behind a failed marriage, she ditches the city and bunks with her sister in the tiny town of Graywood. When the local police chief offers her a position as the temporary firearms instructor, she jumps on it. So what if it's a 'mostly boys' club? She's done with men, doesn't need their unrealistic expectations and not even the tall, dark and annoying badge Roman can change that. Roman Farkos lives for his job, to serve and protect...until Kat shows up with her snarls and superiority. He can't resist pushing her buttons. She wants to be considered one of the boys, which would be fine if she didn't stir a desire to do more than protect and serve her. Kat may be raw from her recent split, but Roman resolves to convince her that love—preferably with him—is worth the risk. When Roman challenges Kat to a six-week contest of wits and skills, it's game on. As they work and play side by side, her resistance fades and unexpected passion flares. But when big-city danger hits and secrets are revealed, Roman faces the greatest challenge of all—convincing Kat that real love is worth the fight.

The Enhanced Edition includes short-course videos by the coauthors for each of the twelve chapters of the book (total of 18.5 minutes). Both Brian Tracy and Christina Tracy Stein show how to apply the messages of each chapter to everyday life. Videos include: Your Full Potential, Confront Your Frogs, You Become What You Think, The Law of Substitution, Victim of Victor in Life, and The Law of Forgiveness. Just like the lonely princess in the fairy tale who was reluctant to lock lips with a warty frog and transform him into a handsome prince, something stops many of us short of attaining our dreams. Our negative thoughts, emotions, and attitudes can threaten to keep us from achieving all that we're capable of. Here bestselling author and speaker Brian Tracy and his daughter, therapist Christina Tracy Stein, provide a set of practical, proven strategies anyone can use to turn those negative frogs into positive princes. Tracy and Stein present a step-by-step plan that addresses the root causes of negativity, helps you uncover blocks that have become mental obstacles, and shows how you can transform them into stepping-stones to achieve your fullest potential. The book distills, in an accessible and immediately useful form, what Tracy has presented in more than 5,000 talks and seminars with more than five million people in fifty-eight countries and what Stein has learned through thousands of hours of counseling people from all walks of life.

A Quiet Kiss is a modern love story focused on the evolution of love, self-love, as well as contemporary parenting, motherhood and feminism. A Quiet Kiss is narrated by a thirtysomething mother of two young children who has been with the same man for over two decades. Readers will laugh and empathize with her motherhood struggles, as well as with the difficulties of remaining passionate and in love when the relationship takes a back seat to diaper changes, school schedules and fatigue. This insightful memoir is a reminder that the greatest love stories are ones that we intentionally create and cherish; stories that we are both more in control of nurturing than we give credit to on an everyday, living life basis, as well as ones where we lack the ability to predict and manipulate every turn, and so we must learn to bend with grace. A Quiet Kiss is one woman's gentle discovery of her own strength and self-love, while also encapsulating every contemporary woman navigating love, life and

relationships.
