Visit us online at [www.1stWorldLibrary.ORG](http://www.1stWorldLibrary.ORG) - - In John Lyly's *Endymion*, Sir Topas is made to say; "Dost thou know what a Poet is? Why, fool, a Poet is as much as one should say, - a Poet!" And thou, reader, dost thou know what a hero is? Why, a hero is as much as one should say, - a hero! Some romance-writers, however, say much more than this. Nay, the old Lombard, Matteo Maria Bojardo, set all the church-bells in Scandiano ringing, merely because he had found a name for one of his heroes. Here, also, shall church-bells be rung, but more solemnly. The setting of a great hope is like the setting of the sun. The brightness of our life is gone. Shadows of evening fall around us, and the world seems but a dim reflection, - itself a broader shadow. We look forward into the coming, lonely night. The soul withdraws into itself. Then stars arise, and the night is holy. Paul Flemming had experienced this, though still young. The friend of his youth was dead. The bough had broken "under the burden of the unripe fruit." And when, after a season, he looked up again from the blindness of his sorrow, all things seemed unreal. Like the man, whose sight had been restored by miracle, he beheld men, as trees, walking. His household gods were broken. He had no home. His sympathies cried aloud from his desolate soul, and there came no answer from the busy, turbulent world around him. He did not willingly give way to grief. He struggled to be cheerful, - to be strong. But he could no longer look into the familiar faces of his friends. He could no longer live alone, where he had lived with her. He went abroad, that the sea might be between him and the grave. Alas! Between him and his sorrow there could be no sea, but that of time.

The last thing Natalia Kristoff expected was that her friend's wild dream to find her a fake husband for a Green Card would have any sort of success. Yet here she is, sitting in a private booth, listening to the sexiest man she's ever seen lay out the details of just what he needs from her. IN return, he's going to sign the papers that stand between her and her dream job. She can't believe what she's hearing. Stand at his side, pretend she's madly in love with him, all to satisfy some crazy family tradition? That's a deal she can live with. Kirell Ursa has a problem. A big one. His bear shifter family is in shambles, struck from within by traitors. With no one in charge of security, the head of his House has nominated him for the job. The only problem? Tradition dictates that anyone in power must have a mate. If he's going to pull off this scheme, he must find a mate in the next 72hrs. Someone. Anyone. All they have to do is pretend to love him for a few days. Things get off to a rocky start between the two when their first date is interrupted by Kirell's enemies. As he slowly exposes Natalia to the truth, she's forced to come to grips with the existence of another world, one she never thought existed. Shifters of all sorts collide as Kirell's enemies work to expose his fraud, but the harder they try, the more Natalia finds she wants to be by his side. Can a relationship built on a handshake business agreement turn into something real, even in the face of a threat to Natalia's very life?

for designers, contractors, builders, and civil engineers involved in reinforced masonry - eliminating repetitious and routine calculations as well as reducing the time for masonry design.

Globalization has created an interconnected world, but has not diminished violence and militarism. The Economics of Killing describes how the power of global elites, entrenched under globalization, has created a deadly cycle of violence. In this groundbreaking work, Vijay Mehta shows how attempts at peaceful national development are routinely blocked by Western powers. He centers the 2008 financial crisis in US attempts to block China's model of development. He shows how Europe and the US conspire with regional dictators to prevent countries from developing advanced industries, and how this system has fed terrorism. Mehta argues that a different world is possible, based on policies of disarmament, demilitarization, and sustainable development. This original and thought-provoking book will be of great interest to anyone concerned about the consequences of endless war fueled by the West.

Trump's Unfinished Business offers a prophetic template to change the face of politics & save the nation from moral rot & Civil War. In one book, you will find new applications of God's commands that can be used to break up the Tech Giants' monopoly, create a Digital Bill of Rights, reform Family Law, protect children, enshrine true equality, educate our youth, and deal sensibly with Climate Change. "We need pastors and preachers to read this book "Trump's Unfinished Business" and apply the Law of God correctly, and preach it again to America & the world." ALLAN PARKER President of The Justice Foundation, Lead counsel for Norma McCorvey (the "Roe" of Roe v. Wade) & Sandra Cano ("Doe" of Doe v. Bolton) "The insights of this book will provide hope for the future of America & preserve its calling as a lighthouse to the nations during our turbulent times." DR. DENNIS LINSAY CEO of Christ for the Nations "Steve Cioccolanti has nailed it with 'Trump's Unfinished Business.'... [He] is walking into the swamp with this book & showing us how to drain it!" JULIE DIEZ Paralegal "The vision contained in Steve Cioccolanti's book Trump's Unfinished Business is far-sighted, wide-reaching & convicting...Cioccolanti is offering the Body of Christ the clearest path to employing the Biblical template to unite us as a nation & avoid civil war." LORILYN ROBERTS Award-winning Author "Let me say Cioccolanti's "Trump's Unfinished Business" is truly excellent. Each chapter adds new insights...His analysis of the law is truly impressive & I particularly appreciate his proposals to improve the legal system & the broken family law court. I will be gladly passing this book around to my friends & esteemed colleagues. I highly recommend it." DR. AUGUSTO ZIMMERMANN, PhD Head of Law, Sheridan College, Perth "In this book, Steve Cioccolanti exposes what has gone wrong, and he recommends solid ideas on how to set them right.... by going back to what is taught in the Bible." RICH MARSH Ex-Navy, Career Consultant "Cioccolanti's book is clearly visionary...For too long, the Bible has been sidelined in education due to an erroneous application of the principle of 'separation of church and state.'" DR. JOHN MCELROY Director of Southern Cross Association of Churches "Steve Cioccolanti has taken up a subject which I believe is a first... His writing is very thought-provoking, creative and visionary... I would imagine the laws in this book will be very close to the ones Yeshua will set up for the world when He comes to reign... This much-needed book... has come at a time with the Republic of the United States is fighting for its life." SHIRA SORKO-RAM Pioneer of the Jewish Messianic movement in Israel since 1967 "Trump's Unfinished Business will serve as a template for all leaders whether they are in the US, Australia or Korea. I would like to see it made available to voters before major elections. I am really amazed by Steve Cioccolanti's insights into the American cultural war. His coverage of many subjects is
