industrial and energy policy,
international relations and history of
technology.

Filling a gap in the literature on the
history of sport in Europe, the book
brings together complementary studies
on diverse aspects of the interrelation

Read Book La Fisica In Barca A Vela Comprendere between sport and urban space. Going from geography to political science, from sports history to urban and transport history, it suggests a three-fold approach. A first thematic group of researches ranges around "Sport Development and Urban Spaces", exploring the impact of the city on the
