The most effective and comprehensive pharmacy review for the NAPLEX® The ultimate pharmacy review covering every topic tested on the exam 1,500+ NAPLEX-style Q&As deliver unmatched preparation for the exam Build confidence and test-taking skills with more than 1500 NAPLEX®-style questions and tried-and-proven tips for boosting exam performance Learn from detailed explanations why answers are correct or incorrect Improve in every essential competency: pharmacology, pharmaceutical calculations, pharmacy, pharmaceutical compounding, biopharmaceutics and pharmacokinetics, health care equipment and supplies, and pharmaceutical care Recognize all frequently dispensed drugs, including the 200 generic drugs most likely to be dispensed by pharmacists EVERYTHING YOU NEED TO EXCEL ON THE NAPLEX® Questions that cover every topic found on the exam An entire chapter devoted to patient profiles, with each profile accompanied by a series of questions An informative description of the computer-based examination Two valuable appendices: frequently dispensed drugs and trade names versus generic names

Prepare for NAPLEX® success on your first attempt! In this guide to the North American Pharmacy Licensure Examination, an outline format lets you review important test topics quickly and efficiently. Review questions cover areas such as the evaluation of patient conditions, communicating with the patient or healthcare professional, and preparing and dispensing medications safely and effectively. A companion CD lets you practice with two 185-question exams that mirror the NAPLEX®. Protect your investment in the NAPLEX® by using this unique review! Over 2,000 review questions are included in the book and on the companion CD, with each including answers and rationales. An outline format offers a focused, to-the-point yet comprehensive review. Organization by NAPLEX® content provides an effective review, with content proportional to the content on the actual exam. Patient-profile questions mirror those in the NAPLEX®, with each including a short scenario followed by multiple-choice questions. Preparing for the NAPLEX® chapter covers registration, fees, test and question structure, information on score results, and test-taking strategies. Up-to-date review includes the newest topics introduced by the NABP, such as Dietary Supplements, OTC products, and patient communication. Convenient appendices summarize drug interactions, important in answering the exam's patient education questions. Two practice exams on CD include 185 multiple-choice questions in each, with rationales for correct answers, and can be taken in exam or study mode. Flashcards on CD provide an easy way to identify and review generic/brand-name drug products.

1400+ Q&As and a test-simulating CD deliver unmatched preparation for the radiography certification/recertification exam 4 STAR DOODY'S REVIEW! "This is an excellent resource for radiography student interns to use to prepare for the national registry. It poses a series of questions from each integral portion of radiography and covers all the units thoroughly....This is a wonderful resource for students to use to fully prepare for the exam....This is the best book around to prepare interns for the exam."--Doody's Review Service LANGE Q&A: Radiography Examination, 9e provides radiography students and recertifying radiographers with more than 1,400 registry-style questions with detailed answer explanations. Questions are organized by topic area for focused study and the book also includes two comprehensive practice exams. This ninth edition includes the ARRT examination content to be implemented in January 2012. Also new is coverage of computed tomography (CT) technology within the chapters on radiation protection, equipment, procedures, and CT imaging. Also included is an exam-simulating CD containing two complete practice exams. Features Sections include Patient Care, Radiographic Procedures, Radiation Protection, Image Production and Evaluation, and Equipment Operation and Maintenance Written by an author with more than 35 years teaching experience Each question includes detailed explanation of correct and incorrect answer options Companion CD features one complete practice exam
