The problem with this LCD TV is the 2 second auto shutdown, during that time, I dis assembled the TV hoping to repair. I was able to isolate that when, the inverter/LCD is removed, I can hear sound of the TV, meaning it is working without the display. But I do not know how to repair that part, and so it went to stock area for a long time.

The television was invented in the early 20th century as a novel way to transmit moving pictures through radio waves. Early television sets actually used mechanical means to etch out a picture from a signal using a Nipkow Disk, with the first demonstration taking place in Paris in 1909. This early "television" technology was capable of transmitting an 8x8 pixel image, with the first ...
