Marco Armiero is Senior Researcher at the Italian National Research Council and Marie Curie Fellow at the Institute of Environmental Sciences and Technologies, Universitat Aut(noma de Barcelona. He has published extensively on-Italian environmental history and edited Views from the South: Environmental Stories from the Mediterranean World. --

"After expulsion from Spain in 1492, a large number of Spanish Jews (Sephardim) found refuge in lands of the Ottoman Empire. These Jews continued speaking a Spanish that, due to their isolation from Spain, developed independently in the empire from the various peninsular dialects. This language, called Judeo-Spanish (among other names), is the focus of *Death of a Language*, a sociolinguistic study describing the development of Judeo-Spanish from 1492 to the present, its characteristics, survival, and decline. To determine the current status of the language, Tracy K. Harris interviewed native Judeo-Spanish speakers from the sephardic communities of New York, Israel, and Los Angeles. This study analyzes the informants' use of the language, the characteristics of their speech, and the role of the language in Sephardic ethnicity." "Part I defines Judeo-Spanish, discusses the various names used to refer to the language, and presents a brief history of the Eastern Sephardim. The next part describes the language and its survival, first by examining the Spanish spoken by the Jews in pre-Expulsion Spain, and followed by a description of Judeo-Spanish as spoken in the Ottoman Empire, emphasizing the phonology, archaic features, new creations, euphemisms, proverbs, and foreign (non-Spanish) influences on the language. Finally, Harris discusses sociological or nonlinguistic reasons why Judeo-Spanish survived for four and one-half centuries in the Ottoman empire." "The third section of *Death of a Language* analyzes the present status and characteristics of Judeo-Spanish. This includes a description of the informants and the three Sephardic communities studied, as well as the present domains or uses of Judeo-Spanish in these communities. Current Judeo-Spanish shows extensive influences from English and Standard Spanish in the Judeo-Spanish spoken in the United States, and from Hebrew and French in Israel. No one under the age of fifty can speak it well enough (if at all) to pass it on to the next generation, and none of the informants' grandchildren can speak the language at all. Nothing is being done to ensure its perpetuation: the language is clearly dying." "Part IV examines the sociohistorical causes for the decline of Judeo-Spanish in the Levant and the United States, and presents the various attitudes of current speakers: 86 percent of the informants feel that the language is dying. A discussion of language and Sephardic identity from a sociolinguistic perspective comprises part V , which also examines Judeo-Spanish in the framework of dying languages in general and outlines the factors that contribute to language death. In the final chapter the author examines how a dying language affects a culture, specifically the role of Judeo-Spanish in Sephardic identity."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Published at a time of unprecedented growth of interest in translation, the *Dictionary of Translation Studies* aims to present the insights of a number of different approaches to translation in an unbiased, non-partisan way. With more than 300 articles, this essential volume provides the reader with a snapshot of a rapidly developing discipline, based on work produced in several languages. With a clear, easy-to-follow layout, the *Dictionary* provides a comprehensive and highly accessible survey of key terms and concepts (such as Abusive Translation, Equivalence, Informationsangebot, Minimax Principle, Texteme and Thick Translation), types of activity (Autotranslation, Dubbing, Signed

Language Interpreting), and schools and approaches (Leipzig School, Manipulation School, Nitra School). Each term is presented within the context in which it first occurred and is given a definition which is both clear and informative. Major entries include a discussion of relevant viewpoints as well as comments on how the usage and application of the term have developed subsequent to its coining. In addition, all entries provide suggestions for further reading, and there is an extensive bibliography included at the end. This is an indispensable tool for anyone studying or teaching translation at university level.

The study guide is designed to accompany Management, 9e reinforcing key concepts and theories. For each chapter of the text it provides additional exercises, activities, and outlines, helping learners identify and capture the key ideas. Study guides are perfect to prepare for a lecture, reinforce chapter material, or review for an upcoming exam.

Jazz Jennings is one of the youngest and most prominent voices in the national discussion about gender identity. At the age of five, Jazz transitioned to life as a girl, with the support of her parents. A year later, her parents allowed her to share her incredible journey in her first Barbara Walters interview, aired at a time when the public was much less knowledgeable or accepting of the transgender community. This groundbreaking interview was followed over the years by other high-profile interviews, a documentary, the launch of her YouTube channel, a picture book, and her own reality TV series--I Am Jazz--making her one of the most recognizable activists for transgender teens, children, and adults. In her remarkable memoir, Jazz reflects on these very public experiences and how they have helped shape the mainstream attitude toward the transgender community. But it hasn't all been easy. Jazz has faced many challenges, bullying, discrimination, and rejection, yet she perseveres as she educates others about her life as a transgender teen. Through it all, her family has been beside her on this journey, standing together against those who don't understand the true meaning of tolerance and unconditional love. Now Jazz must learn to navigate the physical, social, and emotional upheavals of adolescence--particularly high school--complicated by the unique challenges of being a transgender teen. Making the journey from girl to woman is never easy--especially when you began your life in a boy's body.

Incorporating developments from both academia and industry, this exploration of brands, brand equity and strategic brand management combines a theoretical foundation with numerous techniques and practical insights. Suitable for both graduates and upper-level undergraduates.

Presents alphabetized profiles of the world's 192 countries, describing their histories, economies, climates, governmental personnel and policies, political parties, religions, media, and other aspects, and providing information for travelers on passports and visas, customs, health issues, and terrorism.
