Official U.S. edition with full color illustrations throughout. **NEW YORK TIMES BESTSELLER** Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.

She turned the key of her car and it sputtered to life. She jammed the accelerator as the engine roared. With all her might, she pulled the gears and the world behind them blurred away. As they pushed past the house, she heard a deafening scream from a familiar voice.

"Enigma!" The lady cried as the people in the market turned in hopes of gathering new gossip. Marinated in a world of competition, Snapped Threads is a portrayal of a struggle for justice. The story weaves together diverse lives against the backdrop of an art theft. Renewing the essence of love, friendship, betrayal, ambition and greed, the story is a reflection of an encounter made at the crossroads of deception and loyalty. The characters embark on new journeys-some with the desires to fulfill dreams, some to satisfy the hunger for wealth and power and some in search of acceptance in an altering world. A tryst with life and a celebration of love, the crime thriller is set at the dawn of a new beginning, bringing into its folds the commitments, responsibilities and perceptions that result from a serious theme attempted in a light environment. Flip through the pages to discover how the characters eventually let the threads roll out the paths of these new journeys.

"The story of a long rebellion and the struggle to understand it. The rebel is Mundo, the embittered offshoot of a family split down the middle. The attempt to understand him falls to Lavo, a hard-working orphan who betters himself under the influence of Mundo's father. However, the symbolic heart of the book lies not so much in Manaus and the final years of a boom produced by the merciless exploitation of the forest, but further down the great river, in Vila Amazonia, the centre of a jute plantation and Mundo's worst nightmare. In his lifelong struggle to escape from his father's dynastic ambitions, Mundo distances himself as much as possible from this dead-centre of the novel, taking the plot to Rio de Janeiro and the effervescent worlds of Berlin and London in the 1970s. This beautiful, mature and bitter novel is the extraordinary result."
