Life is all about the jigsaw, right? Finding the different puzzle pieces to complete your very own picture. A career you love, a house to make a home, a lover to complete you, and keep you warm at night. Danielle Renton has a life, and she loves it. A recent law school graduate, she'd been floored when her boyfriend, Nate Lewis, enlisted during their sophomore year of college. At the time, she'd been concerned with what that meant for them as a couple, but in the years that followed, they'd learned to adapt to the logistics of an army relationship.But when life throws her a curve ball, how will she cope? Can she pick up the pieces and make her picture beautiful again? Or does she realize that, sometimes, the pieces can be too broken to fit back together...

I'm a pawn, a piece of chattel, a toy--used and forgotten. When you're done with me, you can walk away with no regrets. That's how my husband sees me. I try to be the best wife possible for him. After all, he took me on when no one else would. Now--he's in debt and owes more money to the loan shark than we can possibly repay. But, don't worry, he's come up with a solution, it's just not one I was expecting. ...I've been TRADED.

Regret. I'm a man living with regret. It eats at me night and day. Eightys years ago, I ran from Reagan instead of facing the music. I was sure he would shut me out if he knew the truth, so I beat him to the punch. I left and never looked back. Or at least I tried not to. To this day, Reagan is always in the back of my mind, trying to make me remember the fun we had. I always wonder what he would have thought if I'd told him everything. The regret echoes in my head. Now he's standing in front of me, looking for answers I doubt he's ready for. Can Reagan accept me for who I really am? Warning: Contains sexual situations between two men.

One of Goodreads Top 25 Feel-Good and Escapist Books to Read in Quarantine as seen in USA Today "[A] funny, winning debut."--People "Delightfully quirky and endearing...an absolute pleasure to read!"--#1 New York Times bestselling author Emily Giffin Meet Duffy, an old curmudgeon who lives in an assisted living home. Meet Josie, a desperate young woman who climbs through his window. Together, they're going to learn it's never too late--or too early--to change your ways. For Duffy Sinclair, life boils down to one simple thing: maintaining his residence at the idyllic Centennial Assisted Living. Without it, he's destined for the roach-infested nursing home down the road--and after wasting the first eighty-eight years of his life, he refuses to waste away for the rest. So, he keeps his shenanigans to the bare minimum with the help of his straight-laced best friend and roommate, Carl Upton. But when Carl's granddaughter Josie climbs through their bedroom window with booze on her breath and a black eye, Duffy's faced with trouble that's sticking around and hard to hide--from Centennial's management and Josie's toxic boyfriend. Before he knows it, he's running a covert operation that includes hitchhiking and barhopping. He might as well write himself a one-way ticket to the nursing home...or the morgue. Yet Duffy's all in. Because thanks to an unlikely friendship that becomes fast family--his life doesn't boil down the same anymore. Not when he finally has a chance to leave a legacy. In a funny, insightful, and life-affirming debut, Brooke Fossey delivers an unflinching look at growing old, living large, and loving big, as told by a wise-cracking man who didn't see any of it coming.

Dear Sergeant Fuller, You won ' t know me for another two years, but I am your daughter.... So begins a letter sent decades into the past, from a daughter searching for answers to a soldier serving in war-torn Vietnam. In this true story of service and sacrifice, love and redemption, and the power of forgiveness. A box with Love Letters from Vietnam etched on the lid waits buried in a closet, holding scrawled thoughts written on Air Force stationery from a passionate yet deeply flawed soldier stationed outside Da Nang to his young wife in east Texas. Years pass before a fateful, deadly winter night leads the soldier ' s daughter, Jennifer, to open the box, read the letters, and answer her father back in time. She tucks her letters into a package with no address, because she no longer knows where to send them. Until she is sitting in a theater in Austin, Texas, at a performance by singer-songwriter Alex Woodard and hears him talk about writing songs inspired by letters. Her remarkable correspondence with her father takes Woodard on his first steps into the dichotomy between dark and light, as he imagines himself as Sergeant Fuller in Vietnam and begins to write songs sung from Fuller ' s heart. Woodard ' s quest to learn more about the man and the war he fights both in Vietnam and back at home evolves into an extraordinary journey, propelled by an album included with the book that features Woodard as Sergeant Fuller and his friend Molly Jensen as Jennifer. Their voices carry the songs inspired by these beautiful, raw, revealing love letters not only sent from Vietnam, but as the story unfolds, beyond.

I stuck my dick in a different woman every night. They lined up, pawing at me. All of them wanting to be part of the bad boy prestige that was Miller Hawes. Then they flipped the river... And she was mine. Sexy, compelling and the first woman who didn't fall at my feet. Why can't I get her out of my head? I need to focus on taking over the family business. Except all my attention is on one thing and one thing only. Tess.

A New Yorker writer revisits the seminal book of her youth--Middlemarch--and fashions a singular, involving story of how a passionate attachment to a great work of literature can shape our lives and help us to read our own histories. Rebecca Mead was a young woman in an English coastal town when she first read George Eliot's Middlemarch, regarded by many as the greatest English novel. After gaining admission to Oxford, and moving to the United States to become a journalist, through several love affairs, then marriage and family, Mead read and reread Middlemarch. The novel, which Virginia Woolf famously described as "one of the few English novels written for grown-up people," offered Mead something that modern life and literature did not. In this wise and revealing work of biography, reporting, and memoir, Rebecca Mead leads us into the life that the book made for her, as well as the many lives the novel has led since it was written. Employing a structure that deftly mirrors that of the novel, My Life in Middlemarch takes the themes of Eliot's masterpiece--the complexity of love, the meaning of marriage, the foundations of morality, and the drama of aspiration and failure--and brings them into our world. Offering both a fascinating reading of Eliot's biography and an exploration of the way aspects of Mead's life uncannily echo that of Eliot herself, My Life in Middlemarch is for every ardent lover of literature who cares about why we read books, and how they read us.

I am not a victim. At least that's what I wanted to believe. What I wanted the world to see. Five years of trying to find the girl I hid from the world. I wouldn't let the bullies win. I couldn't. What was I supposed to do when he walked into the building? He'd made my high school years a living hell. But, he doesn't recognize me. How do I prove he didn't break me? Simple, take him home for a one-night stand. At least it sounded like a good idea at the time.
