Entry Level Certificate (5930) - AQA All About Maths
Level 3 Mathematical Studies is a qualification designed for students who have achieved a grade 4 or above at GCSE. The full specification and specimen assessment materials are available on the AQA website. It can support the teaching of other A-level subjects and a comparison of content within other subjects is available as well as a bank of questions which

Maths but not as you know it; a fresh take that develops problem-solving skills with new and innovative resources that place contemporary contexts at the centre of learning to maximise student potential. - Supports a wide ability range with challenges for all levels. - Provides assessment practice and guidance with practice questions and worked examples to help each student to reach their potential by boosting the skills they need to understand the demands of the new AQA Level 3 Certificate in Mathematical Studies specification. - Saves you time with a variety of new ideas for use in the classroom and at home. - Places mathematical problems into real life contexts helping your students to apply their knowledge across subjects. - Supports the non-specialist or less-confident teacher.

Engage and motivate your Level 3 Mathematical Studies students, and deliver the new specification with confidence. Authentic real-life examples and ready to use data sets from a range of contexts develop mathematical skills and understanding. * Brings the subject to life by putting mathematics in context and showing its power and relevance in the real world * Closely matches the new AQA Mathematical Studies specification, with separate sections for compulsory units and optional pathways * Covers all ability levels within the A* to C range at GCSE * Encourages students to become effective problem solvers with a willingness to test out their ideas * Competence statements at the end of each chapter allow students to measure their own progress * The book includes a section on pre-release data to support students in their exam preparation

In full colour and written specifically for the AQA Level 3 Certificate in Mathematical Studies, this book provides plenty of worked examples, practice questions and practice exam papers. Set in engaging contexts relevant to a wide range of other post-16 subjects, AQA Mathematical Studies is also supported

by online teacher notes.

Exam Board: AQA Level: A-Level Level 3 Subject: Maths First teaching: September 2014 First exams: June 2016

New 2017 Cambridge A Level Maths and Further Maths resources to help students with learning and revision. Written for the AQA AS/A Level Further Mathematics specifications for first teaching from 2017, this print Student Book covers the compulsory content for AS and the first year of A Level. It balances accessible exposition with a wealth of worked examples, exercises and opportunities to test and consolidate learning, providing a clear and structured pathway for progressing through the course. It is underpinned by a strong pedagogical approach, with an emphasis on skills development and the synoptic nature of the course. Includes answers to aid independent study. This book has entered an AQA approval process.
