Lipincott is great because it breaks down sections in nursing for you to review. There is peds and sub sections of peds conditions. Medsurg (respiratory, GI, HTN, etc all in sub sections), altered (schizo, bipolar questions etc) you get the picture. It was very organized to me and help me keep a great system for me to study.

Lippincott Review for NCLEX-PN, 11E is designed to help pre-licensure nursing students in practical and vocational nursing programs prepare to take the licensing examination. More than 2,000 questions span all areas of nursing practice. Seventeen specialty tests contain questions across all the Client Need categories of the NCLEX-PN. A two-part Comprehensive Examination contains 263 items--more than the maximum of 205 questions asked on the NCLEX-PN—to provide an outlet for comprehensive review and test practice. Every test section concludes with a review of Correct Answers, Rationales, and Test Taking Strategies. A detailed section of Frequently Asked Questions provides details about the design and process of the NCLEX-PN, as well as tips for students on how to prepare. Questions fully align with the National Council of State Boards of Nursing (NCSBN) 2017 PN test plan and are written in the style used on the licensing examination, including the use of all the types of alternate-format questions found on the licensing examination. A free trial of PassPoint PN provides book purchasers an opportunity to practice with additional questions and gives a sneak preview of the full PassPoint PN product.

The 11th edition of Lippincott's Q&A Review for NCLEX-RN provides the highest-quality practice questions, detailed rationales, and preparation strategies needed to succeed on the NCLEX-RN® examination. This revised reprint has been updated to ensure that content will help both U.S. and Canadian students to succeed on the licensure examination, with enhanced laboratory values, medication information, and diversity representation. The practice tests are organized into four major content areas: obstetrics, pediatrics, medical-surgical, and mental health nursing, and are followed by 6 comprehensive tests with a random selection of questions from all content areas. Other features include rationales for both incorrect and correct answers choices, all the types of alternate-format questions found on the NCLEX, an overview of the licensing examination, test-taking strategies for each question format, and study tips, including instructions for creating a personal study plan.

This popular and comprehensive study guide for NCLEX contains 2,000 questions in 16 review tests and two end-of-book exams. It includes an updated exam introduction that conforms to the latest version of the test plan, plus revised and coded questions and rationales.

Master the Pharmacology Concepts You'll Encounter on Your Licensure Exam! Reinforce your understanding and ready yourself for success with this comprehensive review of critical pharmacology content covered on the NCLEX-RN®. Lippincott® Pharmacology Review for NCLEX-RN® summarizes core medication classes and their associated conditions in an easy-to-use format accompanied by ample practice questions to help you excel on your exams and make a confident transition to clinical practice. Streamlined, bulleted format reinforces key information at a glance. NCLEX-style review questions test your retention of essential concepts and familiarize you with the exam experience. Detailed answer key offers instant remediation including full rationales, Bloom's Taxonomy levels and Client Need categories for each question. Free 7-day Lippincott® PassPoint trial provides personalized, adaptive online test preparation to enhance your test-taking confidence.

Lippincott Q&A Review for NCLEX-RN, 12th edition is designed to help pre-licensure nursing students prepare to take the licensing examination. The title includes more than 6,000 questions reviewing the four major content areas of pre-licensure programs: obstetrics, pediatrics, medical-surgical, and mental health nursing. The textbook also includes six comprehensive examinations to provide students a realistic example of the NCLEX-RN test, in which items are randomized by subject area and difficulty. The questions align with the 2016 National Council of State Boards of Nursing (NCSBN) RN test plan and are written in the style used on the licensing examination. Other features include the use of all the types of alternate-format questions found on the licensing examination, detailed rationales for both correct and incorrect answers, information about the NCLEX-RN, study tips, and a "Content Mastery and Test-Taking Self Analysis" grid by which students can chart their own progress and modify study as needed.

Lippincott NCLEX-RN Alternate-Format Questions, 7th edition is designed to help anyone preparing to take the RN licensing examination. This updated 7th edition has everything needed for students to be fully prepared to answer every type of question found on the NCLEX. More than 600 questions include multiple-response, drag-and-drop, hotspot, audio, chart, graphic option, and fill-in-the blank questions. Also included are two comprehensive tests with 100 questions each. Rationales are clear and detailed and cover correct as well as incorrect answers. Test-taking strategies help students dissect each question to its core components and provide keys to choosing the right answer. The book reviews all the topics covered on the actual NCLEX-RN. Hundreds of questions at the application level or above prompt active learning and higher-order thinking. Questions are aligned with the National Council of State Boards of Nursing (NCSBN) 2019 RN test plan and are written in the style used on the licensing examination. An accompanying PassPoint trial provides an additional opportunity for students to practice for NCLEX while also giving a glimpse of the full PassPoint experience.

Lippincott's Content Review for NCLEX-RN® provides comprehensive content and Q&A review for effective, efficient NCLEX-RN preparation. Written by Diane Billings, Ed.D, RN, FAAN, a nationally recognized test-item writer whose NCLEX preparation books have helped thousands of students pass the exam, it is a perfect companion to the best-selling Lippincott's Q&A Review for NCLEX-RN®, 10th edition and the new Lippincott's NCLEX-RN 10,000 - Powered by PrepU online adaptive quizzing resource for a complete approach to NCLEX study. Organized both by Nursing Topic and Client Needs categories and offering in-depth coverage of nursing topics often tested on the exam, this comprehensive resource offers:

- An NCLEX overview plus thorough content review in outline format
- Test-taking strategies to help you better prepare for the exam
- Three 100-question post-tests to help you gauge your understanding of important nursing topics
- More than 3,000 high-level practice questions, including alternate-format questions, with a detailed rationale for all correct and incorrect responses.
- A free back-of-book CD-ROM contains additional review questions to complement the text questions
- Student resources - study tips, an NCLEX tutorial and much more are available on thePoint.com

needed for students to be fully prepared to answer every type of question found on the NCLEX. More than 600 questions include multiple-response, drag-and-drop, hotspot, audio, chart, graphic option, and fill-in-the blank questions. Also included are two comprehensive tests with 100 questions each. Rationales are clear and detailed and cover correct as well as incorrect answers. Test-taking strategies help students dissect each question to its core components and provide keys to choosing the right answer. The book reviews all the topics covered on the actual NCLEX-RN. Hundreds of questions at the application level or above prompt active learning and higher-order thinking. Questions are aligned with the National Council of State Boards of Nursing (NCSBN) 2016 RN test plan and are written in the style used on the licensing examination. An accompanying PassPoint trial provides an additional opportunity for students to practice for NCLEX while also giving a glimpse of the full PassPoint experience.

An outline-format, inexpensive, paperback review book for undergraduate nursing students that can be used for course or subject review or NCLEX preparation. Contains NCLEX-style review questions in each chapter, a comprehensive exam, and additional questions on a back-of-book CD-ROM. This edition includes new NCLEX-style innovative item questions.
