The story of Little Ree is basically my own story! I moved to the country (as an adult) after living in town my whole life, so I was able to draw on all of those experiences and tell them from the perspective of a little girl. What was one of the most surprising things you learned in creating this story?

That single decision would wind up setting the stage for years of rural adventures (and misadventures), and while I can't imagine my life being any different, raising a family in the “idyllic” countryside has not been without a few bumps in the road. (Or were those cow patties? It's hard to tell the difference sometimes.) I'm excited to share this crazy collection of true stories from my full-of-energy, hard-to-tame, wonderfully wild (and very weird) frontier family. From the unique challenges of being married to a rancher to the blood, sweat, mud, and tears of raising country kids, I'll pull back the curtain and let you in on some of the sh*t and shenanigans that have really gone on here on Drummond Ranch over the past two-plus decades. This book is both a love letter and a laugh letter, and I hope you get a big kick out of it all: the good, the bad, and the dirty. Mostly, I hope it demonstrates how much I adore this family of mine . . . even if I sometimes have to use rubber snakes to show it.

In addition, the question is finally answered why the great Dutch author W.F. Hermans designed a chess set made of cigarette lighters, but did not want to play chess.
