Gnostic revival is growing in the United States and Europe as people are discovering the mystical roots of their own Western Tradition. This easy-to-read, deeply spiritual introduction to Gnostic Christianity helps beginners down the Gnostic path to esoteric insights and wisdom. Focusing primarily on Sophian Gnosticism, Tau Malachi explains the origins, teachings, and nature of this living tradition. Readers also learn how to apply Gnostic practices, such as affirmation, positive thought, and creative visualization, in daily life. More than a practical guide, this text invites everyone to embark on a spiritual quest toward Spirit-connection and self-realization by way of Gnostic wisdom.

In the Gospels of the Bible there are a few comments about Mary Magdalene here and there. But in the Gnostic scriptures that have been discovered, there are tantalizing hints that both her relationship to Jesus and her role among Jesus' disciples may have been profoundly important. Among several schools of Gnostic Christianity, Mary plays an essential role in the revelation of the gospel. Here, for the first time in print, is a Sophian Gospel of St. Mary Magdalene. No secret oral tradition as extensive as this has ever been recorded, and none has ever presented a Gnostic view of Mary Magdalene as she is portrayed in this groundbreaking work—as a powerful holy woman, the innermost disciple and beloved wife of Jesus, and a Christed woman who is coequal with Jesus in the Christ revelation.

In this groundbreaking work, Gnostic teacher Tau Malachi and Harvard-educated independent scholar Siobhán Houston have teamed up to present powerful Gnostic healing practices in a clear and systematic way found nowhere else. Techniques include mystical prayer, meditation, and sacred ceremony, and are suitable for both beginning and experienced healers. All the practices in this guidebook facilitate direct spiritual and mystical experiences that will awaken your soul and lead to self-realization. Essentially, it is a book of healing as a way of the Path to Enlightenment—Divine Gnosis. Praise for Tau Malachi "Malachi perfectly captures the oral tradition within the written word."—Publishers Weekly

The first half of this two part book tells the story of an ordinary boy enriched by his mother's faith yet torn apart by a bitter divorce. Maintaining his religious underpinnings, Mark struggles through the divorce and graduates from college with a degree in finance. This takes him to the Chicago Mercantile Exchange where he makes millions of dollars, marries his wife and retires at the age of 36. Shortly after, Mark received a Master's degree in Theology setting the foundation for the remainder of his life. The first half of the book ends with the death his forth child, Kevin, which becomes the catalyst for a tremendous spiritual conversion. The second half of the book walks the reader through that conversion documenting the steps taken to accomplish it. A discussion of physics is used to set up a foundation for further explanations in theology. This discussion results in a need to re-evaluate the meaning of Mark 8:29 when Jesus asks: "Who do you say that I am?" The result is a shift from orthodox religion to a focus on Sophian Gnosticism. Time is spent focusing on Kabbalah and The Tree of Life, and on a special sign Mark created called the "Sign of the Tree." Kabbalistic teachings on reincarnation and suffering are explored. Mark applies these teachings to his life by leaving the material world behind, going to work at a homeless shelter, and becoming a hospice volunteer.

First presents the basic ideas of the Christian Kabbalah--which is about experiencing God and moving toward God--then goes to a more in-depth exploration of the Tree of Life. Original.

Integrative psychotherapy is a groundbreaking book where the authors present mindfulness- and compassion-oriented integrative psychotherapy (MCIP) as an integration of relational psychotherapy with the practice and research of mindfulness and compassion. The book elucidates an approach which is holistic and based on evidence-based processes of change related to the main dimensions of human experience. In this approach, mindfulness and compassion are viewed as meta-processes of change that are used within an attuned therapeutic relationship to create a powerful therapeutic model that provides

transformation and growth. The authors offer an exciting perspective on intersubjective physiology and the mutual connection between the client's and therapist's autonomic nervous systems. Comprised of creatively applied research, the book will have an international appeal amongst psychotherapists/counsellors from different psychotherapy traditions and also students with advanced/postgraduate levels of experience.

Recent discoveries of sacred texts such as the Gospel of Mary of Magdala and the Gospel of Thomas tell us that Mary Magdalene was independent, insightful, and courageous—a woman so inspirational that her voice can still be heard across the ages. In *Invoking Mary Magdalene*, religious scholar Siobhán Houston invites you to develop your own personal relationship with one of Jesus' closest disciples, as she instructs you in a daily devotional practice of prayers, meditations, and visualizations from around the world. With the exercises in this book and on the accompanying CD, Houston offers step-by-step guidance for accessing the wisdom of the Divine Feminine that Mary Magdalene represents, as you explore: Novenas, rosaries, and seasonal rituals from the Gnostic, Kabbalistic, and Grail traditions How to connect to Mary Magdalene in her Dark Goddess aspect to unleash your own fierce power—the energy that turns fear and illusion into healing and renewal Reveling in bliss: realizing a euphoric adoration of the Divine that eclipses all earthly concerns, and much more Whether you're discovering Mary Magdalene for the first time or have long felt an unquenchable desire to experience the presence of the beloved luminary, with *Invoking Mary Magdalene*, you will come to share Mary Magdalene's gnosis—her indwelling knowledge of the sacred—and witness the blessings of the one who has been called "the woman who knew the All".

Cosmic Mysteries By: Carol E. Parrish-Harra In her newest book, *Cosmic Mysteries*, author Carol E. Parrish-Harra provides deep insights for the exploration of the inner path that can only be detailed by the one who has gleaned awareness through a personal journal. Carol's work has long been noted for clarity and the details of the path dreamed of by many and traveled by the few. Mysticism within the Occult Tradition is held close, realizing how delicately balanced it is. With many years of esoteric studies, Carol shares her understanding of invisible qualities to be explored and the tests each element—Fire, Air, Water, and Earth—presents to be mastered as they are integrated into human life. The importance of daily mindfulness prepares us to move ourselves into the Christ Mind, brought about by both our choices and Karma as we go forward with little awareness in life.

In ancient times, the Gnostics sought for salvation through personal, experiential knowledge of the Divine. Their methods of self-reliance and their sublime knowledge profoundly impacted society, such that the dominant powers felt threatened and the tradition was forced to disappear from public view. Now, after centuries of obscurity, the Gnostics have re-emerged, still carrying their profound message of Gnosis: knowledge of self and the Divine. In a simple and elegant way, Samael Aun Weor explains the basic methodology for people in today's world to begin to approach the greater mysteries of the Gnostics. In this basic and practical guide, Samael Aun Weor offers a breadth of exercises guiding the reader to discover within themselves a wealth of insight and understanding. Gnosis, after all, is Greek for knowledge, and the seeker is told, "Know thyself, and thou shalt know the universe and its Gods." "A great author deduced that the human being needs eight important things in life: health and the conservation of life, nourishment, sleep, money and the things money can buy, life in the beyond, sexual satisfaction, the well-being of his children, and a sense of proper importance. We synthesize these eight things into three: 1. Health 2. Money 3. Love "If you really want to acquire these three things, you should study and practice everything that this course teaches you. We will show you the path of success." - Samael Aun Weor Includes the lecture "How to Make Light Within" and the pamphlet "Marriage, Divorce, and Tantra." Topics include: An Exercise to Control Your Anger; The Power of Thought; Mental Force; Concentration of the Mind; The Law of Karma; Favorable Circumstances; The Descent of Cosmic Vibration; Prana; The Names of the Tattvas; Properties of the Tattvas; Money; Clairvoyance; Alcoholism; Meditation and Intoxication; Osmotherapy; Mental Relaxation; Concentration; Meditation; Contemplation; The Universal Mind; Imagination and Will; Mental Action; Mental Epidemics; Mental Hygiene; Vegetarian Diet; Self-observation; Chatter; "I'sa in the Five Centers; Matrimony, Divorce, and Tantra; and more.

Twenty-two centuries ago in Alexandria, a sect of philosopher-poets fashioned a myth the strands of which weave through Christianity, Judaism, Islam and Greek philosophy, and inspired the legends of the Holy Grail. Long banished to the realm of notorious heresy, the myths of the Gnostics took root in the fertile imagination of the nineteenth century's artistic movements and esoteric circles, bearing fruit in the daily spiritual practice of thousands today. In 1945, a library of Gnostic writings surfaced from the Egyptian desert, allowing the movement--after 1500 years of propaganda and slander--to speak with its own voice. Rich in imagery, nostalgic in tone, Gnosticism quietly restores Wisdom to her place as a Goddess in Western religion, reveres Eve as the first saint, and acknowledges Mary Magdalene as foremost of the Apostles.
