He vowed to conquer her in every way. But she swore to Love Not a Rebel. They called her " Highness, " ravishing Lady Amanda Sterling, forced to spy on Lord Eric Cameron by the lord governor of Virginia and her evil, ambitious father. She ' d detested Eric Cameron on sight. He was a traitor to King and country. Yet she ' d been sent to steal his heart, his soul, and his secret plans for the revolution. And now she was his wife, swept into marriage with a man who would sear her with the hellfire of his desire and make her his prisoner of love. Lord Eric Cameron turned his back on his family ' s estates in England to embrace the patriots ' cause. He did it quietly—before the fateful shots at Lexington and Concord rang out and his true allegiance became clear by cannon and by sword. But Eric also fought another war—with the glorious Amanda Sterling, the beauty he had married, knowing he could never trust her . . . nor let her go. Amanda was the woman he had vowed to conquer, the spy he would never surrender—even at the risk of his life.

From the New York Times bestselling author comes a story of love forged in the flames of the American Civil War, and a betrayal that threatens to tear it apart. Alaina McMann ' s honor is compromised when she finds herself in the brazenly sensual arms of Union Major Ian McKenzie. Despite her loyalty to the Southern cause, she has no choice but to marry the Northern soldier. Their convictions keep them distant and cold from one another, until love begins to melt their hearts. But when Major McKenzie is dispatched on a mission to capture the most notorious and seductive spy in the confederacy, known only as the Moccasin, he realizes that the rebel he is hunting may be his own wife.

A decade ago, Daniel was known as Day, the boy from the streets who led a revolution that saved the Republic of America. But Day is no longer the same young man who was once a national hero. These days he ' d rather hide out from the world and leave his past behind. All that matters to him now is keeping Eden safe—even if that also means giving up June, the great love of Daniel ' s life. As the two brothers struggle to accept who they ' ve each become since their time in the Republic, a new danger creeps into the distance that ' s grown between them. "Find the place where love exists and ask for room." Florence Wickes-Barnes's reputation proceeds her in Gold Sky, Montana. Seen as dramatic and too passionate for her own good, none could have predicated just how much her heart yearns for a love as steady as that of her mother and two fathers. But Florence's approach of aiming to fit two unattached men together like mismatched puzzle pieces does little for her in the way of love and courtship. Her desire for wedded bliss seems impossible until her mother imparts a bit of wisdom to her..."find the place where love exists and ask for room." It seems impossible until she spots Ansel Ortega and Brenden Black across the assembly room. Two men new to town and obviously deeply in love. Florence knows the town will accept another triad, but can she escape the doubts of her past to trust Ansel and Brenden with her heart? Florence will dare to ask for space in their love, but will the lovers find room between them for Florence? Between the opera house and snowy hills of Montana three people find space in their hearts for each other and a beautiful triad develops to rival even the love of Julie Baptiste and her husbands. Visit historic Gold Sky for another dose of out-sized HEAs and joyful frontier living, where diversity reigns supreme. A romance of cosmic proportions Anton is everything Grace dreamed of. Smart, funny, supportive of her best friend's work... He makes her heart race. Too bad they've never met-at least not face-to-face. Emails and the occasional phone call are their only links. Until finally they do meet. And it blows, because the funny, sensitive, and thoughtful man vanishes in the blink of an eye, replaced by a condescending jerk who thinks she's little more than an errand girl. Billionaire. Rake. Playboy. Physicist. Anton has played many roles. But his greatest wish is to gain respect as science's brightest star. Determined to put his bad boy reputation to rest and recover his company after the theft of valuable research, Anton accepts the offer to work in his friend Lou's lab in Geneva. The lab Grace just so happens to manage. Amid glitter bombs, shrink rays, overcaffeinated scientists, and stolen research, the two of them struggle to figure out what to do about their burgeoning feelings. Is love, like gravity, a wave? And will it pull them under?

In 1888 New York City, sixteen-year-old governess Verity Newton agrees to become a spy, whatever the risk, after learning that the man for whom she has feelings sympathizes with rebels developing non-magical sources of power, via steam engines, in hopes of gaining freedom from British rule.

I never thought I ' d see her again. We shared one hot night together back in college before our paths took us in different directions. Except...our fling is forbidden and must exist only in secret. Her rules, not mine. I can ' t be her forever. I ' m not that guy, and even she knows it. But I can ' t stay away from her either. I ' m determined to claim not just her body but her heart, even if that ' s the one thing she ' s vowed not to give me. A sweet and bananas-sexy hockey romance you do not want to miss! Grab this sizzling standalone today from New York Times bestselling author, Kendall Ryan and you ' ll automatically get a FREE bonus scene in his point of view that you won ' t want to miss!

I married my stepbrother. No one is more surprised than me. All I wanted was a quiet summer before starting college to catch up on my books and maybe get a summer job. Then he dropped into my life. His name is Gavin Caldwell and he's rich, cocky, arrogant and hot. He's parading around our bridal suite shirtless and pantless. He has no shame and I have to pretend to be in love with him when I hate him. So why can't I stop thinking about him?
