Magic Eye – Home of Magic Eye Inc.
Magic Eye is a series of books published by N.E. Thing Enterprises (renamed in 1996 to Magic Eye Inc.). The books feature autostereograms, which allow some people to see 3D images by focusing on 2D patterns. The viewer must diverge their eyes in order to see a hidden three-dimensional image within the pattern. The term "Magic Eye" has become something of a genericized trademark, often used to ...

Magic Eye - Wikipedia

Magic Eye was something of a paradox: a deliberate graphic mess that relied on grids and precision to achieve its intended effect. The fact that it was so difficult to see the 3-D shape hiding behind the hypercolored patterns was a major part of its appeal. To find the secret image, people adopted a signature Magic Eye stance: bent forward ...
