It begins with a familiar story of displacement. The people of Jambhli have been ousted from their homes with promises of rehabilitation, and compensation in cash and land, to make way for an irrigation project and the construction of a large dam. The Jambhlikars? anguish at leaving behind everything they have known and resettling among hostile strangers ? the beneficiaries of the dam project ? and their desperate search for alternative employment, for which they are neither trained nor qualified, are just the beginning of their troubles. In their search for a place to call their own, they must battle petty local politicians, scheming government officials strengthened by exploitative laws and self-serving social workers, and face the ultimate betrayal at the hands of trusted leaders. Yet, even as the fabric of their social structure disintegrates, their courage, faith and innate goodness shine through in the face of unspeakable hardship. Heartbreaking, humane and utterly relevant to our time, this remarkable Sahitya Akademi Award-winning novel stands apart in giving a voice to those who pay the price for progress and development, and in vividly encapsulating the struggles of the impoverished against a ruthlessly corporatized world.

Patil succeeds in his task as the book is a racy affair, highlighting the clash of wills that characterised Bose's life be it his titanic clashes with Mahatma Gandhi in the Congress or his armed struggle against the allies. The Week

It is often taken for granted that Independence from the British rule also ushered an era of cultural and social freedom in India. The author wishes to examine if that is true or if a cultural decline set in soon after. Based on a verse in the Pancatantra, the book has been divided into six parts: Eka (Person), Kula (family, Grama (habitat), Janapada (land), Prithvi (earth) and Atma. Issues of educations; conflicts between the classes, regions, jatis, languages and religions; expansion of proselytizers; lack of governance; tensions between the legislators and judiciary; rise of unbridled consumerism; falling standards of democracy; dilemmas created by nations of dharma challenged by Westernized modernity, and the problems of attaining universal harmony, are all put into a perspective under these six categories. While examining the state of affairs the author also suggests a way for the pursuit of happiness through unselfish transcendence.

‘ Nobody has done more harm to me . . . than Jawaharlal Nehru, ’ wrote Subhas Chandra Bose in 1939. Had relations between the two great nationalist leaders soured to the extent that Bose had begun to view Nehru as his enemy? But then, why did he name one of the regiments of the Indian National Army after Jawaharlal? And what prompted Nehru to weep when he heard of Bose ’ s untimely death in 1945, and to recount soon after, ‘ I used to treat him as my younger brother ’ ? Rudrangshu Mukherjee ’ s fascinating book traces the contours of a friendship that did not quite blossom as political ideologies diverged, and delineates the shadow that fell between them—for, Gandhi saw Nehru as his chosen heir and Bose as a prodigal son.
