Since the end of the 1980s in India, self-styled representatives of a variety of ascriptive groups—religious, caste, regional, and linguistic—have been routinely damaging artworks, disrupting their exhibition, and threatening and assaulting artists and their supporters. Often, these acts are claimed to be a protest against allegedly 'hurtful' or 'offensive' artworks, wherein its regularity and brazenness has led to an intensifying sense of fear, frustration, and anger within the art world. *Art Attacks* tells the story of this phenomenon and maps the concrete political transformations that have informed the dynamic unfolding of violent attacks on artists. Based on extensive interactions with offence-takers, assailants, and artists, the author argues that these attacks are not simply 'anti-democratic' but are dependent in perverse ways on the very logics of democracy's functioning in India. At the same time, they have been contained, at least until now, by this very democratic system, which has prevented the spiralling of attacks into an outright condition of art plunder.

Now in vibrant full color, *Manual of Orthopaedics, Eighth Edition*, provides the must-know information you need to diagnose and treat musculoskeletal injuries and diseases with confidence. This quick-reference manual has been completely updated and revised to include content particularly valuable for orthopaedic physician assistants, while retaining key information for orthopaedic residents and nurse practitioners, primary care physicians, and orthopaedic providers in all practice environments.

Orthopaedic Physiotherapy is one of the major specialties of the art and the science of physiotherapy. It plays a vital role in the rehabilitation of the physically handicapped. There are a large number of books on orthopaedics and physiotherapy, but they all deal with these subjects as a separate entity. There is not even a single book that provides the overall picture of the total therapeutic management. This book, the first of its kind, fills the gap. About the Author : - Vijaya D. Joshi, (MD) Professor & Head, Terna Medical College, Nerul, Navi Mumbai, Formerly, Professor of Physiology, Seth G. S. Medical College, Parel , Mumbai, India.
