But she's not the only one who misses Callum. His brother, Jude, hasn't forgotten—or forgiven—anything about what happened. And he blames Sephy for Callum's death. Jude won't rest until he's avenged his brother by murdering the girl who got him killed. Jude's actions bring him dangerously close to meeting the same fate as Callum. With the man who wants her dead poised on a knife's edge, Sephy must decide if she's willing to save him from himself.

It's dark but I keep seeing white flashes before my eyes like spots of lightning jabbing at me. Am I going into shock? Must be. But I can't pass out, not now. Then I'll be dead for sure. Dan is on the run - hiding from a ruthless gang who want him dead. It's one of those nights. One of those nights where I sit alone and watch the world go by. One of those nights when if my hatred were fuel, I would happily light a match and watch the whole world burn. Eva just wants to be left alone to mourn her daughter. But when a badly wounded Dan crosses her path, she's compelled to help. Both are hiding dark secrets from their past. Both have reasons to fear the other. But they are both connected to each other too, and before the night is over, Eva will be forced to choose: betray Dan, or protect him - whatever the cost.

It's just your average Friday night. Then the police show up. Your mum's been caught on CCTV, breaking into a giant chemical company. They say she's working undercover for A.N.T.I.D.O.T.E, a group against animal testing - but how is that possible? She's not a spy - is she? Now she's on the run - and only you can uncover the truth. And you've got to crack a code to do it. A gripping story from the bestselling author of Noughts and Crosses, Malorie Blackman.
