Management is a robust foundations text providing a balance of broad, theoretical content with an engaging, easy-to-understand writing style. It covers the four key management functions - planning, organising, leading and controlling - conveying to students the elements of a manager's working day. Real-life local and international examples showcase the ongoing changes in the management world. Focusing on a 'skills approach', they bring concepts to life for students, supporting motivation, confidence and mastery. Each part concludes with a contemporary continuing case study, focusing on car company Toyota as it faces managerial challenges and opportunities in the region.

Eldenburg's Management is an introductory text that focuses on presenting content in an easy to understand way that encourages students to think critically and draw connections between theory and practice. This new seventh edition has a strengthened focus on technology and features have been updated to help students further consolidate their knowledge. This includes various forms of revision materials such as auto-graded knowledge-check questions and self-skill assessment. There is also a broad variety of concise case studies, including new ones with a strategic focus, which enable instructors to have thought-provoking and engaging tutorials. An exciting addition to the interactive e-text are the new ANZ videos that feature a diverse group of management thought-leaders who give insights and 'tales from the front.' This will provide supplementary content for lectures or serve as pre-work for a flipped classroom.

M: Management by Bateman/Snell is the fastest growing Principles of Management textbook on the market. Bateman/Snell is written from the ground up to be brief, lean, and flexible enough to enable you to cover just the topics you want at the level of depth you want, while still maintaining the integrity of the content. Plus, it does not inherit outdated examples from a hardback derivative. With market-leading teaching support and the most up to date content available, M: Management represents the best value available in the brief Principles of Management market. What sets Bateman/Snell apart? An unrivaled mixture student-focused current content and the best teaching support around.

"The seventh edition of the Encyclopedia of Management presents a completely refreshed look at the vast and continually evolving field of management. Composed by business writers, Encyclopedia of Management, represents a substantial contribution to business and management reference. Students, scholars, and business practitioners alike will find a wealth of information in this fully revised source. Through 316 essays, readers will encounter thousands of terms, issues, and concepts such as: Angel Investors and Venture Capitalists, Benchmarking, Cloud Computing, Consumer Behavior, Corporate Social Responsibility, Globalization, Innovation, Mission and Vision Statements, New Product Development, Organizational Change and

Development, Outsourcing and Offshoring, Privacy, Privacy Laws, and Workplace Privacy, Social Networking, and Women and Minorities in Management. This seventh edition also features a management glossary defining more than 200 key terms as well as approximately 235 charts and graphs. Fully indexed and contains a thematic table of contents organized under 18 different functional categories (such as Corporate Planning and Strategic Management; Entrepreneurship; Innovation and Technology; among others) to facilitate easy identification of topics.

"

Now in its sixth edition, this highly-regarded book is designed as an introductory text on the principles of diagnosis, staging and treatment of tumours. The new edition: Includes up-to-date information on the most recent techniques and therapies available Emphasises the importance of multidisciplinary teamwork in the care of cancer patients Highlights frequent dilemmas and difficulties encountered during cancer management Features the important contributions of a new author Professor Daniel Hochhauser Contains a brand-new two-colour design As with previous editions, the first part of the book is devoted to the mechanisms of tumour development and cancer treatment. This is followed by a systematic account of the current management of individual major cancers. For each tumour there are details of the pathology, mode of spread, clinical presentation, staging and treatment with radiotherapy and chemotherapy. This accessible and practical resource will be invaluable to trainees in oncology, palliative care and general medicine, as well as specialist nurses, general practitioners, medical students, and professions allied to medicine. This title is also available as a mobile App from MedHand Mobile Libraries. Buy it now from Google Play or the MedHand Store.

Exploring Management supports teaching and learning of core management concepts by presenting material in a straight-forward, conversational style with a strong emphasis on application. With a focus on currency, high-interest examples and pedagogy that encourages critical thinking and personal reflection, this text is the perfect balance between what students need and what instructors want.

Comprehensive and easy to read, this authoritative resource features the most up-to-date, research-based blend of practice and theory related to the issues that impact nursing management and leadership today. Key topics include the nursing professional's role in law and ethics, staffing and scheduling, delegation, cultural considerations, care management, human resources, outcomes management, safe work environments, preventing employee injury, and time and stress management. Research Notes in each chapter summarize relevant nursing leadership and management studies and show how research findings can be applied in practice. Leadership and Management Behavior boxes in each chapter highlight the performance and conduct expected of nurse

leaders, managers, and executives. Leading and Managing Defined boxes in each chapter list key terminology related to leadership and management, and their definitions. Case Studies at the end of each chapter present real-world leadership and management situations and illustrate how key chapter concepts can be applied to actual practice. Critical Thinking Questions at the end of each chapter present clinical situations followed by critical thinking questions that allow you to reflect on chapter content, critically analyze the information, and apply it to the situation. A new Patient Acuity chapter uses evidence-based tools to discuss how patient acuity measurement can be done in ways that are specific to nursing. A reader-friendly format breaks key content into easy-to-scan bulleted lists. Chapters are divided according to the AONE competencies for nurse leaders, managers, and executives. Practical Tips boxes highlight useful strategies for applying leadership and management skills to practice.

Keeping pace with the rapidly evolving field of sport management, *Contemporary Sport Management*, the authoritative introductory text in the field, returns with a thoroughly updated seventh edition. Over 50 contributors with a diverse array of cultural and educational backgrounds deliver a complete and contemporary overview of the field, presented in full color for a visually engaging read. With a simplified structure to reflect current demands of the profession and addressing all the Common Professional Component topics outlined by the Commission on Sport Management Accreditation (COSMA), *Contemporary Sport Management, Seventh Edition With HKPropel Access*, is organized into three parts. Part I, *Introduction to Sport Management*, provides an overview of the field and leadership concepts associated with it. Part II, *Sport Management Sites*, details the major settings in which many sport management careers are carried out, including new content on sport participation across the life span. In part III, *Sport Management Functions*, readers will learn about the key functional areas of sport management, including sport marketing, sport communication, sport facility and event management, and more, with new content on sales as a career path. New and updated content throughout this edition allows students to stay on the leading edge of the field: Discussion of the evolution of esports, fantasy sports, and sport betting Content covering emerging technologies in sport management, including streaming, artificial intelligence (AI), augmented reality (AR), and virtual reality (VR) New case study sidebars with short-answer questions Recommended Case Studies in Sport Management journal articles for each chapter, designed to promote critical thinking and demonstrate understanding of chapter content Related student learning activities and recommended articles are now delivered through HKPropel. These supplemental materials are designed to increase student engagement and enhance understanding of chapter content. With more than 200 activities, including comprehension activities, web activities, and Day in the Life activities tied to professional profiles, students will be challenged to think critically about sport management as both a field of study and a vibrant professional

environment with a variety of career paths, and they will develop insight into issues they will encounter in their careers. Chapter quizzes are also included and can be assigned by instructors. Contemporary Sport Management, Seventh Edition, will broaden students' understanding of sport management issues, emphasizing critical thinking, ethics, and diversity while providing students with an introduction to all the aspects of the field they need to know as they prepare to enter the profession. Note: A code for accessing HKPropel is not included with this ebook but may be purchased separately.

Comprehensive and up-to-date, the text integrates major construction management topics with an explanation of the methods of heavy/highway and building construction. It incorporates both customary U.S. units and metric ( SI) units and is the only text to present concrete formwork design equations and procedures using both measurement systems. This edition features information on new construction technology, the latest developments in soil and asphalt compaction, the latest developments in wood preservation and major health, safety and environmental concerns. Explains latest developments in soil and asphalt compaction. Presents the latest developments in wood preservation materials and techniques which respond to environmental concerns. Expanded and updated coverage of construction safety and major health hazards and precautions. Designed to guide construction engineers and managers in planning, estimating, and directing construction operations safely and effectively.
