Sir Peter Estlin is an independent director of Rothschild & Co as well as Chair of FutureDotNow, a coalition of businesses and organisations working together to boost digital skills across the UK.

Financial management comprises more than accounting and reporting. It is crucial at all stages in the business cycle, whatever the state of your business. Effective Financial Management starts with advice on raising money for a business, continues through maintaining investor relationships, includes useful information on accounting, reporting and communicating effectively with a wide range of stakeholders, gives vital tips on budgeting, forecasting and managing business costs and cash flow, and tells you how to successfully assess projects and buy assets. This indispensable guide will appeal if you are a financial or non-financial manager, in a small or medium sized enterprise, an established entrepreneur or if you are setting up your own business for the first time. It covers day to day financial concerns of a business in a practical commonsense way.

Gain an understanding of the principles behind cost accounting and its importance in organizational decision making and business today with the unique, reader-friendly approach in Hansen/Mowen/Heitger ' s COST MANAGEMENT, 5E. This edition addresses functional-based cost and control and, then, activity-based cost systems - giving you the skills to navigate any cost management system. Updates address emerging developments, including the role of data analytics in cost management today. An entire new chapter also examines global issues, such as virtual currency and blockchain. This edition's extensively researched, proven approach is tailored to the way you learn. Structured examples from familiar companies emphasize the real-world applications and relevance of what you are learning. In addition, clear explanations review the concepts behind each equation or topic, detailing the hows, whys and what-ifs. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Federico Suarez here explores the Annunciation, the Visitation, the Presentation in the Temple, Mary's hidden life, the wedding at Cana, and Mary's sorrows at the Cross. He does so to show that the Blessed Mother is not just to be admired, but to be imitated by every Christian. Suarez pays particular attention to the concept of vocation in Mary's life, depicting her as the supreme example of one who strove for holiness in every condition in which she found herself. This book helps you do likewise.

Islam ' s tense relationship with modernity is one of the most crucial issues of our time. Within Islamic legal systems, with their traditional preference for eyewitness testimony, this struggle has played a significant role in attitudes toward expert witnesses. Utilizing a uniquely comparative approach, Ron Shaham here examines the evolution of the role of such witnesses in a number of Arab countries from the premodern period to the present. Shaham begins with a history of expert testimony in medieval Islamic culture, analyzing the different roles played by male experts, especially physicians and architects, and females, particularly midwives. From there, he focuses on the case of Egypt, tracing the country ' s reform of its traditional legal system along European lines beginning in the late nineteenth century. Returning to a broader perspective, Shaham draws on a variety of legal and historical sources to place the phenomenon of expert testimony in cultural context. A truly comprehensive resource, *The Expert Witness in Islamic Courts* will be sought out by a broad spectrum of scholars working in history, religion,

gender studies, and law.
