Volkswagen Polo. The story of Polo, one of VW's longest and best-selling models with over 15 million cars made worldwide, dates back to the 70s. Although many sees it as Golf's smaller brother, this super-mini car started his life from different roots. Unlike Golf, a car built by VW designers as a logical addition to their model lineup, Polo was one of the first examples of badge ...

Special edition slipcse edition of John Green's Paper Towns, with pop-up paper town. From the bestselling author of The Fault in our Stars. Quentin Jacobsen has always loved Margo Roth Spiegelman, for Margo (and her adventures) are the stuff of legend at their high school. So when she one day climbs through his window and summons him on an all-night road trip of revenge he cannot help but follow. But the next day Margo doesn't come to school and a week later she is still missing. Q soon learns that there are clues in her disappearance . . . and they are for him. But as he gets deeper into the mystery - culminating in another awesome road trip across America - he becomes less sure of who and what he is looking for. Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.
