<p>Translated by Gregory Rabassa, winner of the National Book Award for Translation, 1967 Horacio Oliveira is an Argentinian writer who lives in Paris with his mistress, La Maga, surrounded by a loose-knit circle of bohemian friends who call themselves "the Club." A child's death and La Maga's disappearance put an end to his life of empty pleasures and intellectual acrobatics, and prompt Oliveira to return to Buenos Aires, where he works by turns as a salesman, a keeper of a circus cat which can truly count, and an attendant in an insane asylum. Hopsotch is the dazzling, freewheeling account of Oliveira's astonishing adventures.</p>
<p>Suitable for candidates preparing for the intercollegiate MRCS exam, this title presents the essential facts in each subject area in note form with special attention given to areas that are often poorly understood.</p>

The long-awaited war has come in the sweeping conclusion to the Lot Lands trilogy—another irresistibly swashbuckling, swaggering, foul-mouthed fantasy from the author of The Grey Bastards. “[A] rip-roaring, shelf-bending conclusion . . . nothing short of an adventure fantasy masterwork.”—Kirkus Reviews (Best Books of the Year) War has come to the Lot Lands—and Oats stands upon the frontline. The Hisparthan armies on the horizon are mighty, bolstered by divine champions, dread sorcerers, and gunpowder. It's almost more than the half-orc rebellion can hope to repel. But Oats has won impossible fights before. He's a thriceblood, after all, more orc than man. And he hasn't forgotten how to kill. He'll stack the bodies high for his chief and his brethren, if that's the price of freeing the Lots from human tyranny. Besides, the invading forces are getting a damned sight more than they bargained for. They're not facing a handful of half-orc hoofs, but a true army—one forged from all the peoples of the Lots. At its head are Fetching, in full command of the ruinous power that runs through her veins, and Jackal, armed with the blessings of a dead god. Yet Oats can't help but find his faith wavering. Once the strongest Bastard, he soon realizes that in this battle, even the strength of a thriceblood is easily conquered. And after a grievous loss strikes, he begins to fear that this war will lead the Lots not to freedom but to ruin. So when another path to peace beckons, he has no choice but to walk it. Even if it means betting the Lots' fate, and his own, on the promises of the Bastards' wiliest adversary—and making a perilous journey into the heart of Hispartha itself. Brimming with all the epic battles, surprising sorcery, and fiendish twists a Bastards fan could wish for, alongside unforgettable moments for characters old and new, The Free Bastards builds a new future for the Lots—even as it gives our beloved trio of Jackal, Fetching, and Oats the rousing, blood-soaked sendoff they deserve.

Explore the world of the hit game through the eyes of the lovable robot, Pathfinder, as he chronicles his journey throughout the various environs of the Outlands to interview his fellow Legends -- all in the hope of finally locating his mysterious creator. The rich history of Apex Legends is explained by the characters that helped to shape it, as are their unique bonds of competition and camaraderie.

In 1922, at the age of two, Petey's distraught parents commit him to the state's insane asylum, unaware that their son is actually suffering from severe cerebral palsy. Bound by his wheelchair and struggling to communicate with the people around him, Petey finds a way to remain kind and generous despite the horrific conditions in his new "home." Through the decades, he befriends several caretakers but is heartbroken when each eventually leaves him. Determined not to be hurt again, he vows to no longer let hope of lifelong friends and family torment him. That changes after he is moved into a nursing home and meets a young teen named Trevor Ladd; he sees something in the boy and decides to risk friendship one last time. Trevor, new to town and a bit of a loner, is at first weary of the old man in the wheelchair. But after hearing more of his story, Trevor learns that there is much more to Petey than meets the eye. Petey is a touching story of friendship, discovery, and the uplifting power of the human spirit.

Open wide! Dentists care for people's teeth. Give readers the inside scoop on what it's like to be a dentist. Readers will learn what dentists do, the tools they use, and how people get this exciting job.

Artists and theorists reflect on a "living library" project—people who memorize and recite books This book documents a project in which a group of people memorize a book of their choice, forming a library of "living books."

The M.I.T. Introductory Physics Series is the result of a program of careful study, planning, and development that began in 1960. The Education Research Center at the Massachusetts Institute of Technology (formerly the Science Teaching Center) was established to study the process of instruction, aids thereto, and the learning process itself, with special reference to science teaching at the university level. Generous support from a number of foundations provided the means for assembling and maintaining an experienced staff to co-operate with members of the Institute's Physics Department in the examination, improvement, and development of physics curriculum materials for students planning careers in the sciences. After careful analysis of objectives and the problems involved, preliminary versions of textbooks were prepared, tested through classroom use at M.I.T. and other institutions, re-evaluated, rewritten, and tried again. Only then were the final manuscripts undertaken.

This short work is written with clarity and vigour. It carefully distinguished some kinds of charismatically-inclined Christians from others. It poses questions with which every Church member is faced. Chantry's answers tally with those of the greatest leaders of the Church during the Christian centuries. From Psalm 85 he outlines the true character of revival, and closes the book with material drawn from the Great Awakening of the 18th century.

This annual report documents human rights abuses by governments and armed opposition groups in 150 countries across the world. It provides an invaluable reference guide to international human rights developments.
