Completely revised and updated, this new edition of a classic reference focuses on the financial approach to the subjecta methodology that produces quantifiable results allowing a TPM program to be sustainable. And while clarifying what TPM is and what it is not, it clearly presents the economic value of TPM and shows how to calculate the Return on Investment (ROI) that a company can expect. It is the perfect resource for anyone who is considering implementing TPM or looking for ways of improving their current process.

The Seven Steps to Awakening is the most powerful collection of quotes ever assembled on the subject of how to directly experience the true Self whose nature is Infinite-Eternal-Awareness-Love-Bliss and how to bring the impostor self, its tricks and all suffering to a final end in this lifetime. Most books on the subject of Self-realization are written by those who have only conceptual knowledge and no direct experience of the infinite Self. All seven of the sages quoted in The Seven Steps to Awakening lived in the infinite and their knowledge came from their direct experience of the infinite Self. The quotes in The Seven Steps to Awakening are doorways to liberation and a loving transmission from the Infinite Self to you. When the impostor self attempts to derail you from your journey to Awakening, reading the quotes in The Seven Steps to Awakening can inspire and encourage you to get back on track. Only the most essential and most powerful quotes that have no distractions or detours were selected for The Seven Steps to Awakening. The first collection of quotes describes how to tell the difference between a conceptual journey and a journey to Awakening. The second points out that the world, etc. is a dreamlike illusion. The third reveals why it is necessary to bring the impostor self to its final end. The fourth is about the importance of increasing your desire for liberation. The fifth is for the purpose of encouraging, inspiring and motivating you to actually practice all seven steps. The sixth is about turning your attention inward. The seventh describes the most rapid, direct and effective method that brings the impostor self, its tricks and all suffering to their final end so that you can remain forever in the true Self whose nature is Infinite-Awareness-Love-Bliss.

Make Excel work harder and faster for you. This unique book presents sample code for more than twenty practical, high-powered Excel VBA macro applications. You ' ll get all the essentials of VBA, and then explore ways to power Excel with VBA. Automate tasks, convert numbers to labels, transpose cells, add formula details, globally changes values, and much, much more.

Civilizations come and go... ..and they don't always go quietly. In our global civilization, the consequence of it all crashing is going to be far-reaching, and with nowhere to hide. With so many moving parts and a lack of long-term stewardship by our leaders, odds are good that you will want to make at least a few preparations... but the question you often ask is: how? That's where I come in. In Beyond Collapse, we not only get you prepared for such an event, but we also help you and your fellow survivors come together, defend one another, preserve what may be lost and rebuild civilization together. Unlike most books of this type, we don't require a paramilitary mindset, tinfoil headgear, bunkers, or living "off-grid." Everything in here is geared towards gaining skills and resources that are just as useful and socially acceptable in peaceful times as they will be when society and civilization crashes. You will find this book useful for beginners, or those who have been preparing for a long time. The best part is, you will find it useful even if civilization holds up just fine.

Integrated with other modules such as MM, PP, and QM, Sales and Distribution is used to handle the sales inventory control, warehousing, and back-office functions. This comprehensive reference includes all major concepts related to SAP SD functionality, technical configuration, and implementation. A complete glossary of terms has been included to help the reader understand the myriad terms associated with this SAP module. The book serves as an excellent reference for both earlier and newer versions of SAP or as a comprehensive review for certification. Topics covered include Invoicing; Distribution points; Backorder processing; Account determination; Material master; Transaction codes; Partner procedures; Rebates and refunds; Interfaces; Condition types; Inventory issues; Administration tables and more.

Being an adult has its advantages... Lucas Abbott and his identical twin grew up sharing everything—including a reputation for funny, idiotic behavior. But now that Lucas is ready to shed that lovable-idiot image, grow up and have a real, adult relationship, the joke ' s on him. He and his twin have fallen for the same woman. Crushed and hoping a few days on the slopes will work out his frustrations, he heads for Stowe, Vermont. All thought of fun and relaxation flies away as a car spins out in a snowstorm, and his firefighter/paramedic training kicks into high gear. Danielle Rowson is hoping to pick up the pieces and build a new life for herself and her daughter in Vermont. Winding up in a ditch in the middle of a blizzard isn ' t part of the plan—and neither is the kind, sexy rescuer whose strong hands pull them to safety. Lucas has been a little kid, a big kid and now an adult—and he discovers that adulting has more than one advantage. Especially when it comes to sharing with Dani and Savannah the one thing that ' s his and his alone: his love. Reading Order for Green Mountain/Butler, Vermont Series Green Mountain Series Book 1: All You Need Is Love (Will & Cameron) Book 2: I Want to Hold Your Hand (Hannah & Nolan) Book 3: I Saw Her Standing There (Colton & Lucy) Book 4: And I Love Her (Hunter & Megan) Novella: You ' ll Be Mine (Will & Cameron ' s Wedding) Book 5: It's Only Love (Ella & Gavin) Book 6: Ain ' t She Sweet (Charley & Tyler) Butler, Vermont Series Book 1: Every Little Thing (Grayson & Emma) Book 2: Can't Buy Me Love (Patrick & Mary) Book 3: Here Comes the Sun (Wade & Mia) Book 4: Till There Was You (Lucas & Danielle)

Learn a broad range of techniques for dry flies, streamers, and wet flies by tying the modern flies that everyone is talking about. Author Tim Cammisa teaches you how to tie these simple but effective patterns and then how to take the techniques you ' ve learned and use them for most of the other core patterns—old and new—that should be in your box. Includes information on the latest materials, tying tips from other tiers, and 16 patterns with recipes and complete step-by-step instructions.

In a stock market environment dominated by professional investors, A Few Good Eggs in One Basket o?ers a plain-talk approach to pro?tability by selecting and managing an investment portfolio of common stocks for an individual. Author Richard L. Gunderson, who has been an investor for more than forty years, outlines an enduring framework that improves the odds for the individual investor to exceed the performance of the market over the long term by buying good companies at bargain prices. He outlines what constitutes a good company and how to determine when a price meets the test of being a bargain. A Few Good Eggs in One Basket also helps individual investors by discussing what to look for; where to look; when to buy; when to sell; and how many stocks to own. A Few Good Eggs in One Basket presents a prescription designed to take advantage of opportunities created by market overreaction to bad news and disappointing results. Gunderson believes there are always bargains at any time and in any market. The challenge is to consistently apply a disciplined approach to identifying the unusual and favorable opportunities and concentrating a portfolio on those stocks representing the best combination of overall quality and intrinsic value.

Three young men meet in college and begin a company that revolutionizes the sports world. Ten years later, they're all billionaires, but they're still alone. Follow the three men through their journeys to find true love as they each find their perfect bride.Steven: When the younger sister of a woman he used to date shows up at his house with a child she claims is his, he convinces her they'd be better off living with him than simply taking child support from him. He finds himself wildly attracted to the new " nanny " and sets out to win her heart.Justin: When a relatively new employee comes to his office to talk about some trouble in the Human Resources department, Justin feels such a strong physical attraction to her, he's ready to throw all his beliefs about dating a subordinate out the window. Sarah takes one look at Justin, and knows she wants nothing more than to be his. Will they be able to get past the fact they work closely together and make the relationship work?Cody: After being rear-ended by a beautiful woman on his way home from the Super Bowl, Cody realizes he's found the only woman in the world who is just right for him. How could he possibly have fallen for the only woman in the world so independent that his billions are a liability?
