Math Expressions is a comprehensive standards-based K-5 mathematics curriculum that offers new ways to teach and learn mathematics. Combining the most powerful elements of reform mathematics with the best of traditional approaches, Math Expressions uses objects, drawings, conceptual language, and real-world situations to help students build mathematical ideas that make sense to them. - Publisher.

Spectrum Test Prep Grade 8 includes strategy-based activities for language arts and math, test tips to help answer questions, and critical thinking and reasoning. The Spectrum Test Prep series for grades 1 to 8 was developed by experts in education and was created to help students improve and strengthen their test-taking skills. The activities in each book not only feature essential practice in reading, math, and language arts test areas, but also prepare students to take standardized tests. Students learn how to follow directions, understand different test formats, use effective strategies to avoid common mistakes, and budget their time wisely. Step-by-step solutions in the answer key are included. These comprehensive workbooks are an excellent resource for developing skills for assessment success. Spectrum, the best-selling workbook series, is proud to provide quality educational materials that support your students' learning achievement and success.

This small, yet powerful, collection of poetry will enchant and inspire readers who are intrigued by the many facets of human experience. The author's direct approach challenges us to explore the questions, triumphs, defeats, sorrows and joys of life head on. She offers several windows through which we can view these life experiences and provokes us to explore our gifts and losses in relation to each other. The Windows of Your Eyes is both personal and universal in its appeal, evoking strong emotion and transcending spiritual barriers.

Math in a Minute for grade 5 includes essential math skills such as finding factors and multiples, analyzing patterns and relationships, and understanding the place value system. This 96-page workbook also includes adding, subtracting, multiplying, and dividing multi-digit whole numbers, identifying equivalent fractions and converting customary and metric measurements and more. --Math in a Minute has fun math activities with pages separated by skill, theme, and completion time. Activities range in complexity from 1 minute to 10 minutes depending on the grade level. This allows children to gradually build their way up to more and more intense work. The repetition gives children an opportunity to reinforce basic skills and concepts. Beat the clock for fast-paced math practice!

If Students Need to Know It, It's in This Book This book develops the math skills of 5th graders. It fosters skill mastery that helps them succeed both in school and on the North Carolina End-of-Grade Test. TPR Knows the North Carolina End-of-Grade (EOG) Test The experts at The Princeton Review have analyzed the North Carolina EOG Test, and this book provides the most up-to-date, thoroughly researched practice possible. The test is broken down into its individual skills to familiarize students with the test's structure, while increasing their overall skill level. Get Results TPR knows what it takes to succeed in the classroom and on tests. This book includes strategies that are proven to improve student performance. TPR provides: • Content review based on North Carolina standards and objectives • Detailed lessons complete with skill-specific activities • 2 complete practice North Carolina EOG math tests
