If you want to make sure your home or office equipment repair is done right or that you are keeping track of your car, motorcycle or other vehicle repairs and maintenance, grab a copy of our Maintenance Log Book and keep track of equipment and general maintenance procedures. It is simple and easy to use because it enables the user to document every repair with date and what has been done. It is designed to log all repairs and new equipment and it is a log book that records maintenance and repairs of virtually any piece of equipment or vehicles.

What is the Grand Canyon? Who lives there? Read the book to learn more about the Grand Canyon.

This book illustrates the role of software architecture and its application in business. The author describes enterprise architecture along with business architecture to show the role of software architecture in both areas. The place of software architecture in business is outlined from many perspectives in this context. The book outlines quality attributes and how managers can use software architecture to build high quality products. Topics include business software architecture, dealing with qualities, achieving quality attributes, managing business qualities, software product line, Internet of Things (IOT), and Service Oriented Business Architecture. The book is intended to benefit students, researchers, software architects, and business architects. Provides quick and easy access to all the important aspects of software architecture in business; Highlights a wide variety of concepts of software architecture in a straightforward manner, for students, practitioners, or architects; Presents different applications of software architecture in business.

Direct injection enables precise control of the fuel/air mixture so that engines can be tuned for improved power and fuel economy, but ongoing research challenges remain in improving the technology for commercial applications. As fuel prices escalate DI engines are expected to gain in popularity for automotive applications. This important book, in two volumes, reviews the science and technology of different types of DI combustion engines and their fuels. Volume 1 deals with direct injection gasoline and CNG engines, including history and essential principles, approaches to improved fuel economy, design, optimisation, optical techniques and their applications. Reviews key technologies for enhancing direct injection (DI) gasoline engines Examines approaches to improved fuel economy and lower emissions Discusses DI compressed natural gas (CNG) engines and biofuels

'Hailstorm Over Truk Lagoon' remains the authoritative reference book about the US Navy carrier raid of 17/18 February 1944 on the Japanese naval and supply base Truk, in the East Caroline Islands. This edition presented here adds later information and pictures to the book, and corrects errors. . . . The new discoveries and other changes, as well as new information made it necessary to issue a revised edition of 'Hailstorm over Truk Lagoon.' The text of this edition has been generally updated to 1990. New finds, observations or conditions seen at the popular wrecks during my diving visit in spring 1991 have been incorporated. All this is part of the ongoing research about Truk.Ó
From the Foreword

In his essay on Idealism and naturalism in Gothic sculpture and painting, art is no longer an autonomous phenomenon, but the expression of a 'world view'. The history of art is no longer seen as an unbroken chain of development, but rather as a dialectic process impelled by the 'contrast between the ideational and the material' (Gegensatz zwischen Geist und Materie). Now Dvořák assigned equal importance to naturalism and to its opposite, the fundamentally idealistic character of Gothic art, which he had still vehemently denied in 1904. -Excerpt from the essay Max Dvořák and the History of Medieval Art by Hans H. Aurenhammer (see link below).

If your car needs new paint, or even just a touch-up, the cost involved in hiring a professional can be more than you bargained for. Fortunately, there are less expensive alternatives—you can even paint your car at home! In *How to Paint Your Car On A Budget*, author and veteran DIY hot rodder Pat Ganahl unveils dozens of secrets that will help anyone paint their own car. From simple scuff-and-squirt jobs to fullon, door-jamb-and-everything paint jobs, Ganahl covers everything you need to know to get a great looking coat of paint on your car and save lots of money in the process. This book covers painting equipment, the ins and outs of prep, masking, painting and sanding products and techniques, and real-world advice on how to budget wisely when painting your own car. It's the most practical automotive painting book ever written!

Provides basic safety principles that should be followed to ensure the safe carriage of goods. Includes clear and useful illustrations throughout. The guide is in two parts, the first part for drivers and operators and the second part for engineers and designers.

This book takes a completely new look at the Anthroposophical Soul Calendar. It is about the deeper meaning of the fifty-two weekly verses, which has remained essentially unexplored in the last hundred years since the first edition by Rudolf Steiner. A dense veil of Isis was spread over them, of which is well known that no mortal person can lift it. Only the immortal, psycho-spiritual human being, who knows himself at home in the extrasensory, higher worlds, is capable of doing this. Only to him the weekly verses reveal themselves as a travel guide through these worlds and lift him up to ever higher spiritual-cosmic realms until he reaches the experience of God, from where he gradually descends again into a new life on Earth, enriched in spirit and fertilized in his soul. If the reader embarks on this journey, the spiritual archetype of the Soul Calendar is ultimately unveiled to him and he achieves an extended understanding of Man and Christ. By many quotations from Rudolf Steiner's lectures and books, the author virtually lets Steiners himself elucidate the breathtaking depths of his mysterious weekly verses.
