MODEL PENAL CODE. The Model Penal Code (MPC) is one of the most important developments in American law, and perhaps the most important influence on American criminal law since it was completed in 1962. Conceived as a way to standardize and organize the often-fragmentary criminal codes enacted by the states, the MPC has influenced a large majority of states to change their laws.

Model Penal Code Online Version The Bluebook holds that if you cite a code in an electronic database, you should note the database and its currency in a parenthetical. Example: Cal. Civ. Code 1620 (West, Westlaw through 2012 portion of 2011-2012 Reg. Sess.). However, when states only publish their statutes online, the online source can be cited

In the second edition of his introductory overview of the Model Penal Code (now titled 'An Introduction to the Model Penal Code'), Markus Dubber retains the book's original aim, approach, and structure as a companion to the Code. Reflecting the Code's attempt to present an accessible, comprehensive, and systematic account of American criminal law, this book unlocks the Code's potential as a key to American criminal law for law students and teachers, and for anyone else with an interest in getting a sense of the basic contours of American criminal law.

Foundational Texts in Modern Criminal Law presents essays in which scholars from various countries and legal systems engage critically with formative texts in criminal legal thought since Hobbes. It examines the emergence of a transnational canon of criminal law by documenting its intellectual and disciplinary history and provides a snapshot of contemporary work on criminal law within that historical and comparative context. Criminal law discourse has become, and will continue to become, more international and comparative, and in this sense global: the long-standing parochialism of criminal law scholarship and doctrine is giving way to a broad exploration of the foundations of modern criminal law. The present book advances this promising scholarly and doctrinal project by making available key texts, including several not previously available in English translation, from the common law and civil law traditions, accompanied by contributions from leading representatives of both systems.

The third edition of Criminal Law introduces readers to the underlying principles, legal doctrine, and rules of criminal law. The innovative and highly student-friendly text uses real-world case examples to contextualize laws and give students a solid foundation in substantive criminal law while guiding them through what the law is, how it evolved, and the principles on which it is based. By studying case materials, students will develop the analytical skills essential to understanding how legal principles have developed over time and how they are best applied to ever-changing factual situations.

Now in its 11th edition, Criminal Law and Its Processes: Cases and Materials covers all the doctrinal material and key criminal justice policy questions an instructor may want to explore for a either a one-semester or year-long course in criminal law. From a preeminent authorship team, Criminal Law and its Processes: Cases and Materials, Eleventh Edition, continues in the tradition of its best-selling predecessors by providing students not only with a cohesive policy framework through which they can understand and examine the use of criminal laws as a means for social control, but also analytic tools to understand and apply important criminal law doctrines. Criminal Law and its Processes: Cases and Materials focuses on having students develop a nuanced understanding of the underlying principles, rules, and policy rationales that inform all criminal laws. A cases-and-notes pedagogy along with scholarly excerpts, questions, and notes, provides students with a rich foundation for not only the academic examination of criminal laws but also the application of the law to real-world scenarios. New to the Eleventh Edition: Enhanced treatment of America's long-overdue reckoning with over-criminalization, mass incarceration, and discriminatory law enforcement Discussion of abolitionist critiques of American penal law and consideration of restorative justice as a possible alternative to traditional punishment The chapter on rape makes more readily understandable the major split between states that still require proof of some kind of force and those that now make absence of consent sufficient. The material also contains more depth for discussion of the increasingly important question of what "consent" means, including several of the most recent cases and the new Model Penal Code provisions on rape approved by the ALI membership in June 2021. In-depth treatment of racial profiling and police use of excessive force, and a broader discussion of structural pressures and biases in the context of exploring the expansion of excuses Broader exploration of what society chooses to criminalize and prioritize for enforcement Updated notes to incorporate contemporary cases and recent news touching on criminal law Inclusion of additional preeminent cases in the field of criminal law, including: Kahler v. Kansas as a principal case in the material on the insanity defense Two new cases on the actus reus of conspiracy – the first in a drug distribution context and the second addressing Apple's strategy for marketing ebooks on its iPad Professors and students will benefit from: Cohesive Intellectual Framework Grounds student understanding of criminal law as an instrument of social control?and provides analytical tools to interpret and understand doctrine Holistic approach encourages students to develop an understanding of principles and rules applicable to all crimes Cases-and-notes pedagogy Includes excerpted materials, questions, and problems useful for Socratic instruction and policy discussions Challenging Problems ? Places discussion of the law and policy in relevant, real-world scenarios Enhance students' understanding of basic principles and test their application of these principles to particular offenses

Criminal Law: Cases and Materials has long been respected for its distinguished authorship. The late John Kaplan's extraordinary work continues with the scholarship of Robert Weisberg and Guyora Binder in the Ninth Edition. This casebook's renowned interdisciplinary approach fuels class discussion as it enriches study. Logically organized, the text addresses the purposes and limits of punishment and considers the meaning and types of crime. Well-edited cases, interesting materials, and clear notes combine with cutting-edge issues and important social questions, such as whom and why we punish. Especially strong are the sections addressing the phenomenon of mass incarceration (including the movement towards prison abolition), the theme of and challenges to racial justice in our criminal law system, and the evolution of our laws on sexual assault. New to the Ninth Edition: Addition of up-to-date empirical and public policy research as well as expanded discussion of the role of constitutional law in the criminalization of homelessness, and issues of racial justice on such topics as criminal liability of police for use of lethal force and the controversies over citizen's arrest powers. Incorporation of new feminist research in such areas as battered women's self-defense and sexual assault (including treatment of the ongoing efforts to revise the Model Penal Code laws on rape). New historically informed treatment of felony murder, including legislative and judicial developments in reform and possible abolition of felony murder doctrine. Updated notes and questions aimed at improving the casebook's usefulness for exam preparation. New case law on the challenges of applying criminal law in the Internet world on such topics as possession of child pornography images and criminal conduct through cyber-messaging. A fresh new analytic guide on "impossible attempts", designed to assist students with this perennially challenging doctrine. Professors and student will benefit from: Strong authorship team: The late John Kaplan, a storied teacher and scholar; Weisberg and Binder, noted scholars in criminal law An interdisciplinary approach Well-edited cases, interesting materials, and clear notes Logical organization "Snapshot Review" exercises to aid students in exam preparation.
