In 1704 a bankrupt English merchant sent home the colt he had bought from Bedouin tribesmen near the ruins of

Palmyra. Thomas Darley hoped

this horse might be the ticket to a new life back in Yorkshire. But he turned out to be far more than that, and although Mr. Darley's Arabian never ran a race, 95% of all thoroughbreds in the world today are descended from him. In this book, for the first time, award-

winning racing writer Christopher McGrath traces this extraordinary bloodline through twenty-five generations to our greatest modern racehorse, Frankel. The story of racing is about man's relationship with horses, and Mr. Darley's Arabian also celebrates

lead the Jockey Club. But he only became a success once bought and raced by a card-sharp and brothel-keeper - the racecourse has always brought high and low life together. McGrath expertly guides us through three centuries of scandals, adventures and

This book argues that a serious, scholarly study on exhumation is long overdue. Examining more well-known cases, such as that of Richard III, the Romanovs, and Tutankhamen, alongside the more obscure, Michael Nash explores the motivations beyond

exhumation, from retribution to repatriation. Along the way, he explores the influence of Gothic fiction in the eighteenth century, the notoriety of the Ressurrection Men in the nineteenth century, and the archeological heyday of the twentieth century.

Of the three horses that were the

greatest was undoubtedly the
Byerley Turk. This book gives an

account of the life of this breed, extending from the palaces of the Ottoman Empire to the streets of London and beyond, and featuring a cast of historical figures. It begins in 1679 in a remote Balkan village, where a seyis - a penniless groom - finds

himself caring for a remarkable young foal. Believing it destined for greatness, and seeing a chance to escape his own humble circumstances, he begins schooling the animal in the disciplines of war. Hewing closely to the historical record, the

author goes on to trace the fortunes of the Turk and its new master: In 1682, they arrived in Istanbul, where the horse was selected for the Ottoman Empire's renowned cavalry.

Ridden as a battle charger in the Turkish sieges on Vienna and
