Check our Engine emits white/blue smoke while running FAQ for assistance. If the engine is emitting black smoke, this could mean that the air filter is dirty, the fuel could have gone bad, and/or the carburetor is flooded. Start by checking your air filter, if it looks okay, move onto replacing the gas.

A COMPLETE GUIDE Recommended for Ages 15 and Older This book explains how to start and operate your own lawn mowing business. It shows the easiest ways to get customers ... How to set prices ... How to make the most income per hour of work ... How to keep a simple schedule and much more ... Tells you everything you need to know ... When done on a part-time basis, there are no tight schedules. Grass can be cut at your own convenience, without interfering with other activities. Grass grows and work is available during three seasons of the year. There is practically no investment if you already have a mower. Expected earnings can be three to four times higher than the minimum wage rate of pay, sometimes much more.

Covering the establishment and care of grass for a wide variety of sports such as association football, rugby, hockey, lacrosse, the Gaelic games, American football and including facilities such as polo grounds, this work provides a comprehensive treatment of the subject. Divided into nine sections, a detailed introduction to the sports to be catered for is followed by sections on: pitch construction and design; sands for construction and top dressing; frost protection and soil warming; grasses for winter pitches; maintenance machinery; fertilizers for pitches; weeds, pests and diseases; and end of season renovation.

Covering all aspects of cricket groundsmanship, this text sets the maintenance of modern cricket grounds in historical context by a survey of the groundsmen's art since the 1600s. The work details the history of groundsmanship either side of World War II, looking at the modern role of agronomists and other scientists in the study of cricket surfaces. Subsequent topics include: the assessment of an existing table; pitch preparation; mechanized maintenance operations; fertilizer and top dressing; weed, moss, worm and pest control; renovation and repair; and care of the outfield. A chapter is devoted to the planning and construction of new grounds.

Includes Part 1, Number 1 & 2: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - December)

Includes entries for maps and atlases.

A guide to country living features photographs, illustrations, instructions and tips for living off the land, covering such topics as canning and preserving, soap-making, and building a dog house.

February issue includes Appendix entitled Directory of United States Government periodicals and subscription publications; September issue includes List of depository libraries; June and December issues include semiannual index
