Younger and elder siblings alike will delight in this portrait of a big sister from her baby sibling's perspective. The big sister likes to choose everyone's clothes for them, take her sibling to the zoo (made out of blocks and plastic animals) and even let baby talk on the phone (sometimes). Bright, shallow-depth photographs focus on the big sister and what she does and give the impression that the reader is looking through the eyes of the baby.

that'll resonate with the little girl in your life. Big Sister is a new classic that's sure to bring together the sister-to-be and the whole expanding family!

Here's a wonderful story about two sisters. The younger sister loves her big sister so much, that she's does everything just like her older sister. The older sister becomes a great role model, and in the eyes of younger sister she's her best friend. Jesus Christ also wants to be our best friend.

It happens just like that, in the blink of an eye. An older sister has a mental breakdown and has to be hospitalized. A younger sister is left behind to cope with a family torn apart by grief and friends who turn their backs on her. But worst of all is the loss of her big sister, her confidante, her best friend, who has gone someplace no one can reach. In the tradition of *The Bell Jar*, *I Never Promised You a Rose Garden*, and *Lisa, Bright and Dark* comes this haunting first book told in poems, and based on the true story of the author's life. 2000 Best Books for Young Adults (ALA) and 2000 Quick Picks for Young Adults (Recomm. Can Sona be the best big sister ever when she's not sure she even wants a baby sister or brother? Brimming with warmth and charm, this story set in India will resonate with new older siblings everywhere. Sona Sharma's house is full of three generations of people who joke often and argue sometimes. Relatives come over unannounced, the phone rings frequently, and friends drop by all the time. Then one day Amma tells Sona that she is going to have a baby. Is that good? Sona isn't so sure. She doesn't want to share her room or her things with a new baby, not to mention the attention of Amma, Appa, Thatha, and Paatti. And despite Amma's assurance that the sky always has room for new stars, Sona doesn't feel stretchy or bighearted like the sky. But when she learns there will be a baby-naming ceremony, she's determined to find the best name for her new brother or sister--one as nice as her own, a Hindi word for "gold." Perfectly pitched to young readers, this tale of warming up to change is followed by a glossary of words from India to explore in the story.
