The Falklands War (Spanish: Guerra de las Malvinas) was a 10-week undeclared war between Argentina and the United Kingdom in 1982 over two British dependent territories in the South Atlantic: the Falkland Islands and its territorial dependency, South Georgia and the South Sandwich Islands. The result of the war was a British victory. The conflict began on 2 April, when Argentina invaded and ...

The Falklands War is looked back on by many as a foregone conclusion. Lasting only ten weeks, and it resulted in a clear British victory. But this war between Argentina and Britain could have gone either way. As Major-General John Jeremy Moore, commander of the British land forces in the war, put it, "It was a very close-run thing."

When Wing Commander Sidney Edwards was called from a relaxing Sunday at home to an urgent, high-level meeting, his top-secret involvement in the Falklands War began.

Thirty years after the Falklands War 'Secret Millionaire' Tony Banks is still haunted by his experiences in the South Atlantic. As a member of the crack Parachute Regiment his unit was the first to land on the Falklands and he fought in the bloody first and last battles of the war before liberating Port Stanley. In this memoir Tony vividly recalls the fighting in the Falklands. He relives the bombing raids in San Carlos bay, the Battle of Goose Green, the Argentinian attack on the Sir Galahad and the Battle of Wireless Ridge. But he also tells of his own battles with Combat Stress and of how three decades on the war is still claiming victims. He tells the stories of British and Argentine veterans and travels to Argentina to return a war trophy - a trumpet he had taken from a prisoner - to its rightful owner. The return of the trumpet brings closure to both men. And finally Tony returns to the Falklands to lay the ghosts that have haunted him to rest.

The Falklands War is a story of occupation, fierce air battles, heavy naval losses and bitter encounters between ground forces amidst an inhospitable terrain and unforgiving climate. With complex political machinations and nationalist sentiment at the centre of the conflict, even today the sovereignty of the islands is hotly contested in political circles. For the first time, renowned military historian Gregory

## Read Online My Secret Falklands War

Fremont-Barnes has compiled a definitive A-Z guide to the British involvement in the Falklands conflict, including personalities, weapons, battles, ships, places and much more. This accessible yet comprehensive companion to the Falklands War will be a welcome addition to any enthusiast's shelves.

In early summer 1982--winter in the South Atlantic--Argentina's military junta invades the Falklands. Within days, a British Royal Navy Task Force is assembled and dispatched. This is the story of D Squadron, 22 SAS, commanded by Cedric Delves. The relentless tempo of events defies belief. Raging seas, inhospitable glaciers, hurricane-force winds, helicopter crashes, raids behind enemy lines--the Squadron prevailed against them all, but the cost was high. Eight died and more were wounded or captured. Holding fast to their humanity, D Squadron's fighters were there at the start and end of the Falklands War, the first to raise a Union Jack over Government House in Stanley. *Across an Angry Sea* is a chronicle of daring, skill and steadfastness among a tight-knit band of brothers; of going awry, learning fast, fighting hard, and winning through.

Sir Rex Hunt was Governor of the Falkland Islands when the Argentinians invaded on 2 April 1982. Since his retirement, he has revisited the islands on several occasions and is a board member of the South Atlantic Medal Association.

Nick van der Bijl's account is the first time that a prime witness involved in the

## Read Online My Secret Falklands War

Falklands War has told the story of intelligence operations.

From the television footage shown in all its stark reality and the daily coverage and subsequent memoirs, the impression delivered from the air battles in the Falklands Conflict was that of heroic Argentine pilots who relentlessly pressed home their attacks against the British. While, by contrast, there is a counter-narrative that portrayed the Sea Harrier force as being utterly dominant over its Argentine enemies. But what was the reality of the air war over the Falkland Islands? While books on the air operations have published since that time, they have, in the main, been personal accounts, re-told by those who were there, fighting at a tactical level, or back in their nation's capital running the strategic implications of the outcome. But a detailed analysis of the operational level of the air war has not been undertaken – until now. At the same time, some analysts have inferred that this Cold War sideshow offers little insight into lessons for the operating environment of future conflicts. As the author demonstrates in this book, there are lessons from 1982 that do have important and continued relevance today. Using recently released primary source material, the author, a serving RAF officer who spent two-and-a-half years in the Falklands as an air defence navigator, has taken an impartial look at the air campaign at the operational level. This has enabled him to develop a considered view of what should have occurred, comparing it with what actually happened. In so doing, John Shields has produced a comprehensive account of the air campaign that has demolished many of the enduring myths. This

## Read Online My Secret Falklands War

is the story of not why, but how the air war was fought over the skies of the South Atlantic.

This book provides new light on the way the Argentine forces were organized for war, the plans and reactions of the commanders, the sufferings of the soldiers and the shame and disillusionment of defeat. Martin Middlebrook has produced a genuine 'first' with this unique work. Martin Middlebrook is the only British historian to have been granted open access to the Argentines who planned and fought the Falklands War. It ranks with Liddel Hart's *The Other side of the Hill* in analyzing and understanding the military thinking and strategies of Britain's sometime enemy, and is essential reading for all who wish to understand the workings of military minds. The book provides new light on the way Argentine forces were organized for war, the plans and reactions of the commanders, the sufferings of the soldiers and the shame and disillusionment of defeat.

Down South by Chris Parry - one man's astonishing diary of war in the Falklands 'A gripping account of heroism - and chaos - in the South Atlantic' Mail on Sunday 'Compelling, gripping. A vividly written, thought-provoking and engaging account' The Times In 1982 Lieutenant Chris Parry sailed aboard destroyer HMS Antrim to liberate the Argentine-occupied Falkland Islands. Parry and his crew, in their Wessex helicopter, were soon launched into action rescuing an SAS party stuck on a glacier in gales that had already downed two others. Soon after they single-

handedly pursued and fatally wounded a submarine before taking part in terrifying but crucial drop landings under heavy fire. Down South is a hands on, day-by-day account of war fought in the most appalling conditions by men whose grit and fighting spirit overcame all obstacles. This important and extraordinary book of recent history will be enjoyed by readers of Antony Beevor and Max Hastings. 'Gripping. A graphic description of just how they pulled off a real-life Mission Impossible' Daily Express 'Excellent. A fascinating war diary' Daily Telegraph 'Vivid and insightful. Parry excels in revealing the day-to-day challenges of fighting a campaign in hostile surroundings' Financial Times 'A truly gripping historical account' Niall Ferguson 'A priceless contribution to military history. Riveting' Literary Review Chris Parry joined the Royal Navy after university and then became an Observer in the Fleet Air Arm in 1979. After the Falklands War he had a successful career in the navy, and on promotion to Rear Admiral in 2005 he became the Ministry of Defence's Director of Developments, Concepts and Doctrines. He was appointed a CBE in 2004. Now retired from the armed services, he heads a company which specializes in geo-strategic forecasting.

HMS Conqueror is Britain's most famous submarine. It is the only sub since World War Two to have sunk an enemy ship. Conqueror's sinking of the Argentine cruiser Belgrano made inevitable an all-out war over the future of the Falkland Islands, and sparked off one of the most controversial episodes of twentieth century politics. The controversy was fuelled by a war-diary kept by an officer on board HMS

Conqueror, and as a young TV producer in the 1980s Stuart Prebble scooped the world by locating the diary's author and getting his story on the record. But in the course of uncovering his Falklands story, Stuart Prebble also learned a military secret which could have come straight out of a Cold War thriller. It involved the Top Secret activities of the Conqueror in the months before and after the Falklands War. Prebble has waited for thirty years to tell his story. It is a story of incredible courage and derring-do, of men who put their lives on the line and were never allowed to tell what they had done. This story, buried under layers of official secrecy for three decades, is one of Britain's great military success stories and can now finally be told.
