Chapters on renal disorders, hepatic disorders, transplant immunosuppression, and preventive medicine • NEW! 50 percent more end-of-chapter review questions to assess your content knowledge • 200+ comprehensive tables summarizing must-know drugs at a glance, including the 200 most-prescribed drugs • 2 full-length practice tests • Online practice test that simulates the exam experience and actively tracks your areas of strength and weakness • Robust calculations section, with 30+ practice problems and step-by-step math solutions • Organized, streamlined coverage of each NAPLEX subject area • Suggested study times for each NAPLEX topic to help calibrate your study plan

Kaplan's NAPLEX Review is a step-by-step guide to scoring higher on the North American Pharmacist Licensure Examination. This fully updated book provides Kaplan's proven test-taking strategies, as well as expert review and guidance as you prepare for the exam.

The APhA Complete Review for Pharmacy fully revises the previous edition. This indispensable study guide contains the information most relevant to the NAPLEX summarized in abbreviated bullet format.

Successful pharmacy careers begin with successful rotations—and successful rotations start with this guide. Although rotations are crucial to the development of skills needed to practice pharmacy, there has been little available to guide students in the best way to prepare and make the most of

these experiences—until now. *Maximize Your Rotations: ASHP's Student Guide to IPPEs, APPEs, and Beyond* breaks down everything you need to know into easy-to-navigate chapters. Inside you will find the skills required to excel while on IPPE or APPE rotations, along with competencies that may be unique to one type of rotation or another. Each chapter is written by an experienced preceptor, lending a valuable perspective. By using this text, you will gain an appreciation of the general expectations and typical activities of each rotation experience before you begin. Better preparation means better performance. *Maximize Your Rotations* will also be a resource throughout the experiential year, offering everything from reminders of clinical issues and statistical reviews to advice on interviewing, CV writing, professional organizations, and more. *Maximize Your Rotations* means less time getting up to speed—and more time getting ahead in your career. Your rotation experience can be the launching pad for your career, and there's no better guide than *Maximize Your Rotations*.

After years of studying and hard work, you're almost a licensed pharmacist! The final step is passing the North American Pharmacy Licensure Examination, or the NAPLEX®. For the last decade, *PharmPrep: ASHP's NAPLEX® Review*, has been a trusted resource with new graduates preparing for the NAPLEX examination, both as an online product and a print companion. Using real patient cases accompanied by questions that address all NAPLEX® competency statements, the new fully updated *PharmPrep: ASHP's NAPLEX® Review*, 4th edition, gives you the flexibility to review information by specific disease state and provides 78 sample cases, as well as calculations and law review sections. As drug therapy becomes more complex, *PharmPrep* has continued to update and revise cases so they reflect contemporary clinical practice. *PharmPrep* is an equally important reference for the experienced practitioner as a tool for pharmacists to continue to develop professionally, or for out of practice professionals looking to refresh their skills. Only *PharmPrep* has case-based questions and detailed explanations that don't just tell you what answers are right or wrong, but why. It is the most affordable, trusted resource available to prepare for the NAPLEX® exam. As a book or in a convenient online/book package, *PharmPrep* goes where you go—on the subway, in the break room, to the coffeehouse. Or, just cozy up to the *PharmPrep* book from the comforts of home. Wherever you go, it's the best resource to get you passed and ready to practice. To learn more about *PharmPrep Online*, visit [www.pharmpreponline.com](http://www.pharmpreponline.com) and sign up for a free trial today. Don't have an ASHP account? Simply register at [www.ashp.org](http://www.ashp.org).

Being a preceptor is hard work. Let ASHP help you become a great leader with the new *Preceptor's Handbook for Pharmacists, Third Edition*, by Lourdes Cuéllar and Diane Ginsburg. You'll quickly get up to speed on helping students and residents prepare to become effective pharmacists and master patient care. This updated guide will show you how to: Integrate pharmacy students and residents into your practice Improve essential communication, teaching, and leadership skills Motivate and challenge students, set expectations, and acknowledge and understand generational issues and perspectives Establish a professional attitude and bearing in your students Develop your students' cultural competency Grasp essential teaching skills fundamental to your students' success Master the administrative detail of being a pharmacy preceptor Understand the skills needed to mentor pharmacy residents and those in fellowships In the changing world of pharmacy practice, the need for effective preceptors to help prepare both students and residents has never been greater. *The Preceptor's Handbook for Pharmacists* remains the go-to, authoritative resource for both new and experienced pharmacy preceptors. When you are a preceptor, you create a lifelong impact on young pharmacists.

Everything you need to pass the NAPLEX® - comprehensive study material and two practice exams - in one student-reviewed package Written by an instructor who has taught thousand of students, this all-in-one study guide was developed and reviewed by pharmacists, faculty, students, and recent graduates - so you know it contains only the most relevant, up-to-date content. You'll find valuable foundational material and chapter-ending case application questions that cover every key topic included on the NAPLEX. Two downloadable practice tests with a total of 370 questions allowing you to pinpoint your weaknesses. Includes: Coverage that is organized around the NABP competencies and designed to sharpen problem-solving skills, put must-know information at your fingertips, and improve exam-taking ability More than 1400 case application questions, each with a detailed explanation of both correct and incorrect answer choices Takeaway Points at the end of every chapter that summarize key concepts Two complete downloadable practice tests, each with 185 questions

In 1996 the Institute of Medicine launched the *Quality Chasm Series*, a series of reports focused on assessing and improving the nation's quality of health care. *Preventing Medication Errors* is the newest volume in the series. Responding to the key messages in earlier volumes of the series—*To Err Is Human* (2000), *Crossing the Quality Chasm* (2001), and *Patient Safety* (2004)—this book sets forth an agenda for improving the safety of medication use. It begins by providing an overview of the system for drug development, regulation, distribution, and use. *Preventing Medication Errors* also examines the peer-reviewed literature on the incidence and the cost of medication errors and the effectiveness of error prevention strategies. Presenting data that will foster the reduction of medication errors, the book provides action agendas detailing the measures needed to improve the safety of medication use in both the short- and long-term. Patients, primary health care providers, health care organizations, purchasers of group health care, legislators, and those affiliated with providing medications and medication-related products and services will benefit from this guide to reducing medication errors.
