Provides information about owls, including different types of owls, their habitats, diet, physical characteristics, and behaviors.

The humorous and fun information about a snowy owl makes this new reading experience a treat.

In this level 1 reader, young readers will explore the feathery world of adorable owls. Follow these curious-looking creatures through their wooded habitats, and learn how owls raise their young, hunt, and protect themselves. Beautiful photos and carefully leveled text make this book perfect for reading aloud or for independent reading.

Presents an introduction to polar bears, describing their habitat, physical characteristics, life cycle, eating habits, and behaviors, and looks at the life of a polar bear cub.

Two dozen stickers form a fanciful flock of the wide-eyed nocturnal creatures. Cute images include owls brandishing magic wands, relaxing behind sunglasses, and drinking coffee to stay alert.

Stomp around the African savanna, run around the forests of India, take a mud bath, and more as you learn all about elephants! Adult and child readers can learn together in this new Level 1 co-reader from National Geographic Kids, full of engaging photos and fun facts.

Introduces dinosaurs, including how scientists know they existed, what they ate, how they cared for their young, and what the descendants of dinosaurs may look like today.

Presents an introduction to bats, discussing their physical characteristics, habitat, feeding habits, and predators.

You don't have to look far to see a spider's web—in the corner of the window, on a fence, or in a bush—spiders make their homes everywhere. And there are so many kinds of spiders! Some red, some blue, yellow, and more—all fascinating. Amazing photography and easy-to-understand text make Spiders a hit in this National Geographic Kids series.

Introduces the physical characteristics, behaviors, and family life of owls.
