History has not looked kindly upon Neville Chamberlain. Despite a long and distinguished political career, his trip to Munich in 1938 and the 'appeasement' of Hitler have forever overshadowed his many other achievements and blighted his reputation, his name now synonymous with the futility of trying to reason with dictators and bullies. Yet, as

this biography shows, there is much more to this complex and intriguing character than is generally supposed, and even the infamous events of 1938 are open to more charitable interpretations than is usually the case. Appeasement brought the British government crucial time in which to rearm, and in particular allowed the RAF to drastically increase the number of fighter aircraft it could muster for the Battle of Britain during the summer of 1940. Based on the study of over 150 collections of private papers on both sides of the Atlantic, as well as exhaustive exploration of British government

records held in the National Archives, it is no exaggeration to say that the author has surveyed virtually all the existing archival material written by or to Chamberlain, as well as a high proportion of that referring to him. As such, this volume will no doubt establish itself as the definitive account of Chamberlain's life and career, and provide a much fuller and fairer picture of his actions than has hitherto been the case.

In this controversial reevaluation of Neville Chamberlain and appeasement, the author argues that Chamberlain believed a Second

World War would be disastrous for Britain, and focused all his energies to avoid it. The book sets Chamberlain's actions within a wider chronological framework and takes a fresh look at the underlying influences on the policy of appeasement within British society. within Government, leading to his replacement of Stanley Baldwin as Prime Minister and leader of the Conservative Party in 1937. As well as Chamberlain's reaction to the Civil War in Spain, the momentous events of 1938 and 1939 are covered in detail. Chamberlain's visits to Germany in September 1939 and his views on war, appeasement, Britain's military position and Hitler's intentions all receive much analysis, as does the run up to the declaration of war in September 1939. The book concludes with the events of 1940, including the Dunkirk evacuations, Chamberlain's resignation as Prime Minister,
