Nietzsche: Philosopher, Psychologist, Antichrist 4th Edition

Nietzsche: Philosopher, Psychologist, Antichrist is a book about the German philosopher Friedrich Nietzsche by the philosopher Walter Kaufmann. The book, first published by Princeton University Press, was influential and is considered a classic study. Kaufmann has been credited with helping to transform Nietzsche's reputation after World War II by dissociating him from Nazism, and making it possible for Nietzsche to be taken seriously as a philosopher. However, he has been criticized for present

Nietzsche: Philosopher, Psychologist, Antichrist by Walter ...

Walter Arnold Kaufmann (July 1, 1921 – September 4, 1980) was a German-American philosopher, translator, and poet. A prolific author, he wrote extensively on a broad range of subjects, such as authenticity and death, moral philosophy and existentialism, theism and atheism, Christianity and Judaism, as well

Walter Kaufmann (philosopher) - Wikipedia

Walter Kaufmann's exposition of Nietzsche's thought is so precise, all-encompassing, and equitable that one almost cannot study Nietzsche without reading it. The book is superbly structured. Kaufmann manages to follow the development of Nietzsche's philosophy perfectly, from the beginning of Nietzsche's activity to its very end.

Nietzsche: Philosopher, Psychologist, Antichrist: Kaufmann ...

Like Heidegger in Europe, Walter Kaufman's interpretation of Nietzsche, in *Nietzsche: Philosopher, Psychologist, Antichrist* (1950), as well as his many translations of Nietzsche, and their accompanying introductions and commentary, determined how Nietzsche was understood in North America up to the 1970's.

Nietzsche: A Selected Annotated Bibliography | The New ...

Professor Walter Kaufmann does an admirable job describing the evolution of Nietzsche's philosophy, his anti-system yet systematic approach, the will to power, eternal recurrence and much more. I recommend reading at least *Beyond Good*

which all modern books about Nietzsche are measured. When Walter Kaufmann wrote it in the immediate aftermath of World War II, most scholars outside Germany viewed Nietzsche as part madman, part proto-Nazi, and almost wholly unphilosophical. Kaufmann rehabilitated Nietzsche nearly single-handedly, presenting his works as one of the great achievements of Western philosophy. Responding to the powerful myths and countermyths that had sprung up around Nietzsche, Kaufmann offered a patient, evenhanded account of his life and works, and of the uses and abuses to which subsequent generations had put his ideas. Without ignoring or downplaying the ugliness of many of Nietzsche's proclamations, he set them in the context of his work as a whole and of the counterexamples yielded by a responsible reading of his books. More positively, he

Where To Download Nietzsche Philosophier

presented Nietzsche's ideas about power as one of the great accomplishments of modern philosophy, arguing that his conception of the "will to power" was not a crude apology for ruthless self-assertion but must be linked to Nietzsche's equally profound ideas about sublimation. He also presented Nietzsche as a pioneer of modern psychology and argued that a key to understanding his overall philosophy is to see it as a reaction against Christianity. Many scholars in the past half century have taken issue with some of Kaufmann's interpretations, but the book ranks as one of the most influential accounts ever written of any major Western thinker. Featuring a new foreword by Alexander Nehamas, this Princeton Classics edition of Nietzsche introduces a new generation of readers to one the most influential accounts ever written of any major Western thinker.

Where To Download Nietzsche Philosopher Psychologist Antichrist Walter Kaufmann

Originally published in 1959, *The Faith of a Heretic* is the most personal statement of the beliefs of Nietzsche biographer and translator Walter Kaufmann. A first-rate philosopher in his own right, Kaufmann here provides the fullest account of his views on religion. Although he considered himself a heretic, he was not immune to the wellsprings and impulses from which religion originates, declaring it among the most vital and radical expressions of the human mind. Beginning with an autobiographical prologue that traces his evolution from religious believer to "heretic," the book touches on theology,

Where To Download Nietzsche Philosophier

organized religion, morality, suffering, and death—all examined from the perspective of a "quest for honesty."

Kaufmann also subjects philosophy's faith in truth, reason, and absolute morality to the same heretical treatment. The resulting exploration of the faiths of a nonbeliever in a secular age is as fresh and challenging as when it was first published. In a new foreword, Stanley Corngold vividly describes the intellectual and biographical milieu of Kaufmann's provocative book.

Argues that Nietzsche tried to create a specific literary character in his writings and discusses the paradoxes of his work

Contents: - Beyond Good and Evil - The Antichrist - Thus Spake Zarathustra
Friedrich Wilhelm Nietzsche was a

Where To Download Nietzsche Philosophier

German philosopher, cultural critic, composer, poet, philologist, and Latin and Greek scholar whose work has exerted a profound influence on modern intellectual history. He began his career as a classical philologist before turning to philosophy. He became the youngest ever to hold the Chair of Classical Philology at the University of Basel in 1869 at the age of 24. Nietzsche resigned in 1879 due to health problems that plagued him most of his life; he completed much of his core writing in the following decade. In 1889 at age 44, he suffered a collapse and afterward, a complete loss of his mental faculties. He lived his remaining years in the care of his mother until her death in 1897 and then with his sister Elisabeth Förster-Nietzsche. Nietzsche died in 1900.

'Enigmatic, vatic, emphatic, passionate . . .
Nietzsche's works together make a unique

Where To Download Nietzsche Philosophier

statement in the literature of European ideas' A. C. Grayling Nietzsche was one of the most revolutionary thinkers in Western philosophy, and Thus Spoke Zarathustra remains his most influential work. It describes how the ancient Persian prophet Zarathustra descends from his solitude in the mountains to tell the world that God is dead and that the Superman, the human embodiment of divinity, is his successor. With blazing intensity, Nietzsche argues that the meaning of existence is not to be found in religious pieties or meek submission, but in an all-powerful life force: passionate, chaotic and free. Translated with an introduction by R. J. HOLLINGDALE
