A seductive, disorienting novel that manipulates the fragile line between dreams and reality, unfolding over a day and a night in the sweltering heat of Seoul ' s summer, by South Korea's leading contemporary writer It ' s 28-year-old Ayami ' s final day at her box-office job in Seoul ' s only audio theater for the blind. The theater is shutting down and Ayami ' s future is uncertain. Her last shift completed, Ayami walks the streets of the city with her former boss late into the night, searching for a mutual friend who is missing. Their conversations take in art, love, food, and the inaccessible country to the north. The next day, Ayami acts as a guide for a detective novelist visiting from abroad. Almost immediately, in the heat of Seoul at the height of the summer, order gives way to chaos as the edges of reality start to fray. Ayami enters a world of increasingly tangled threads, and the past intrudes upon the present as overlapping realities repeat, collide, change, and reassert themselves. Blisteringly original, *Untold Night and Day* upends the very structure of fiction and narrative storytelling and burns itself upon the soul of the reader. By one of the boldest and most innovative voices in contemporary Korean literature, and masterfully realized in English by Man Booker International Prize-winning translator Deborah Smith, Bae Suah ' s hypnotic novel asks whether more than one version of ourselves can exist at once, demonstrating the malleable nature of reality as we know it.

Full of Machiavellian intrigue and searing political satire, *Variations on Night and Day*, the final volume of Munif's landmark *Cities of Salt* trilogy, chronicles the creation of a Persian Gulf nation by a corrupt Arab monarch and conniving British empire builders.

It's 1938, and twelve-year-old Edith is about to move from the tiny German village she's lived in all her life to a place that seems as foreign as the moon: Chicago, Illinois. And she will be doing it alone. This dramatic and chilling novel about one girl's escape from Hitler's Germany was inspired by the experiences of the author's mother, one of twelve hundred children rescued by Americans as part of the One Thousand Children project. This title has Common Core connections. Is It Night or Day? is a 2011 Bank Street - Best Children's Book of the Year.

Night and Day, Virginia Woolf's second novel, is both a love story and a social comedy in the tradition of Jane Austen; yet it also questions that tradition, recognizing that the goals of society and the individual may not necessarily coincide. At its centre is Katharine Hilbery, the beautiful grand-daughter of a great Victorian poet. She must choose between becoming engaged to the oddly prosaic poet William Rodney and her attraction to Ralph Denham, with whom she feels a more profound and disturbing affinity. Katharine's hesitation is vividly contrasted with the approach of her friend Mary Datchet, dedicated to the Women's Rights movement. The ensuing complications are underlined and to some extent unravelled by Katharine's mother, Mrs Hilbery, whose struggles to weave together the known documents, events and memories of her father's life into a coherent biography reflect Woolf's own sense of the unique and elusive nature of experience.

"If you look hard enough into the history of anything, you will discover things that seem to be connected but are not." So claims a character in Frederick Reiken's wonderful, surprising novel, which seems in fact to be determined to prove just the opposite. How else to explain the threads that link a middle-aged woman on vacation in Florida with a rock and roll singer visiting her comatose brother in Utah, where he's been transported after a motorcycle injury in Israel, where he works with a man whose long-lost mother, in a retirement community in New Jersey, recognizes him in a televised report about an Israeli-Palestinian skirmish? And that's not the half of it. In Day For Night, critically acclaimed writer Frederick Reiken spins an unlikely and yet utterly convincing story about people lost and found. They are all refugees from their own lives or history's cruelties, and yet they wind up linked to each other in compelling and unpredictable ways that will keep you guessing until the very end.

A celebration of love . the perfect gifting book! Fans of Guess How Much I Love You? will be enchanted.

Night and Day (1934), an unfinished dilogy by Uzbek author Abdulhamid Sulaymon o'g'li Cho'ipon, gives readers a glimpse into the everyday struggles of men and women in Russian imperial Turkestan. More than just historical prose, Cho'ipon's magnum opus reads as poetic elegy and turns on dramatic irony. Though Night, the first and only extant book of the dilogy, depicts the terrible fate of a young girl condemned to marry a sexual glutton, nothing is what it seems. Readers find themselves questioning the nature of Russian colonialism, resistance to it, and even the intentions of the author, whose life and the second book of his dilogy, Day, were lost to Stalinist terror.
