For three years during the 1920s, in an attic in Potsdam, a young woman crafted what is today the oldest surviving animated feature film. Equipped with scissors, cardboard, sheets of lead, glass panes and a camera, animation pioneer Lotte Reiniger filmed *Die Abenteuer des Prinzen Achmed* (The Adventures of Prince Achmed) using a technique of frame-by-frame silhouette animation she developed, inspired by Chinese shadow puppetry. As the result of a number of factors—her gender, her German ethnicity, World War II and a lack of funding—Reiniger became a footnote in animation history. Yet her 60-plus films plainly show her skill and dedication to her craft. This detailed account of her life and work describes her significant contributions to animation, puppetry, Weimar cinema and modern filmmaking.

Because life is more brilliant and more brutal than any of us imagined. Even before her mother's death, Lubba James was different. Now she's worse. She drowns herself in fairytales. Lets her imagination run away with her. Doesn't know how to mourn appropriately. Driven mad or driven to escape, Lubba isn't sure. But she knows she has to get away from her insufferable sister and overwhelmed father. Lubba begins her own quest to discover what normal looks like. And like reality, it's not very pretty. A burned-out cop and his hair-trigger sniffer dog. A homicide victim trapped alive. What's left of a woman who lost her child. Lubba's path leads to them all, and as she travels deeper, sees more, she realizes that life can be more wicked than any witch, and richer than happily-ever-after. In the end, Lubba must decide not what's normal, but whether or not she cares.
