In a suffering world reeling from global pandemics and health disparities, it is high time to think theologically about the devastating experience of disease, and to address our God-inspired responsibility to understand its origins and engage in its management. In a fragmented world, we need a unifying and integrated perspective on people in communities embedded in a fractured ecology. In an academic world blind to the spiritual world and imbalanced toward technical solutions, the global church must articulate a contemporary metanarrative that is moral, practical, and deeply transformational. All Creation Groans brings together multiple perspectives for a compelling global-health approach to the pathologies of the world as a part of the missio Dei. The authors paint a unifying perspective on God’s healing intentions in creation, redemption, and consummation, and the opposing nature-corrupting effects of the rebellion of created moral agents. It is a fresh call for the global church to engage in aligning with God’s healing action for eternally sustainable global health.

The legendary Bigpaw turns the Bear Family’s Turkey Day upside down! Papa Bear can’t wait for the 3rd Thursday in November, when he can feast on turkey with all the trimmings and his favorite treat of all: mixed nuts. But a message in the harvest honeycomb strikes terror in the heart of Mama Bear. Bigpaw, the legendary Thanksgiving monster, is coming to Bear Country to make sure the bears are remembering to share nature’s great bounty with others.

The animals are quaking in their boots—Bigpaw is already here! Are the cubs in danger? In this delightful, illustrated poem, the Berenstain Bears discover the true gift of sharing.
