<p>On August 11, 1979, after a week of extraordinary monsoon rains in the Indian state of Gujarat, the two mile-long Machhu Dam-II disintegrated. The waters released from the dam ' s massive reservoir rushed through the heavily populated downstream area, devastating the industrial city of Morbi and its surrounding agricultural villages. As the torrent ' s thirty-foot-tall leading edge cut its way through the Machhu River valley, massive bridges gave way, factories crumbled, and thousands of houses collapsed. While no firm figure has ever been set on the disaster ' s final death count, estimates in the flood ' s wake ran as high as 25,000. Despite the enormous scale of the devastation, few people today have ever heard of this terrible event. This book tells, for the first time, the suspenseful and multifaceted story of the Machhu dam disaster. Based on over 130 interviews and extensive archival research, the authors recount the disaster and its aftermath in vivid firsthand detail. The book presents important findings culled from formerly classified government documents that reveal the long-hidden failures that culminated in one of the deadliest floods in history. The authors follow characters whose lives were interrupted and forever altered by the flood; provide vivid first-hand descriptions of the disaster and its aftermath; and shed light on the never-completed judicial investigation into the dam ' s collapse.</p>
<p>Parents make enormous sacrifices helping children become healthy and autonomous adults. And when children are older, popular wisdom advises parents to let go, disconnect, and bite their tongues. But increasing life spans mean that parents and children can spend as many as five or six decades as adults together: actively parenting adult children is a reality for many families. Dr. Ruth Nemzoff--a leading expert in family dynamics--empowers parents to create close relationships with their adult children, while respecting their independence. Based on personal stories as well as advice that she has accrued from years of coaching, this lively and readable book shows parents how to: -communicate at long distances -discuss financial issues without using money as a form of control -speak up when disapproving of an adult child's partner or childrearing practices -handle adult children's career choices or other midlife changes -navigate an adult child's interreligious, interracial or same sex relationships No other book treats the challenges of parent and adult offspring relationships as part and parcel of a healthy family dynamic. This practical lessons of Don't Bite Your Tongue will help parents play a vital and positive role in their children's lives.</p>
<p>A Book that Helps Kids Learn the Difference Between Tattling and Telling No one likes "Josh the Tattler" because he tattles way too much. He tattles on his classmates, his brother, and even his dog! But one night Josh wakes up to find that his tongue is very long, yellow, covered in bright purple spots, and Itchy, Itchy, Scratchy, Scratchy... Will a bad case of Tattle Tongue teach him a lesson? A Bad Case of Tattle Tongue gives teachers and counselors a humorous, cleverly creative way to address the time-consuming tattling-related issues that often sap classroom energy and thwart teaching opportunities. Parents who "battle the tattler" at home, on the playground, in the grocery store, or anywhere else can use this book to both entertain and enlighten their children about "The Tattle Rules." Every adult who desires to help children understand the differences between tattling and the need to warn others about important matters needs this book!</p>
<p>" It was heartbreaking, but we couldn ' t give up. I just said, ' Well, I ' ve got to get in and do it. ' " —Phil Harris, eight-decade-long resident of Hollygrove As floodwaters drained in the weeks following Hurricane Katrina, New Orleans residents came to a difficult realization. Their city was about to undertake the largest disaster recovery in American history, yet they faced a profound leadership vacuum: members of every tier of government, from the municipal to the federal level, had fallen down on the job. We Shall Not Be Moved tells the absorbing story of the community leaders who stepped into this void to rebuild the city they loved. From a Vietnamese Catholic priest who immediately knows when two of his six thousand parishioners go missing to a single mother from the Lower Ninth Ward who instructs the likes of Jimmy Carter and Brad Pitt, these intrepid local organizers show that a city ' s fate rests on the backs of its citizens. On their watch, New Orleans neighborhoods become small governments. These leaders organize their neighbors to ward off demolition threats, write comprehensive recovery plans, found community schools, open volunteer centers, raise funds to rebuild fire stations and libraries, and convince tens of thousands of skeptical residents to return home. Focusing on recovery efforts in five New Orleans neighborhoods—Broadmoor, Hollygrove, Lakeview, the Lower Ninth Ward, and Village de l ' Est—Tom Wooten presents vivid narratives through the eyes and voices of residents rebuilding their homes, telling a story of resilience as entertaining as it is instructive. The unprecedented community mobilization underway in New Orleans is a silver lining of Hurricane Katrina ' s legacy. By shedding light on this rebirth, We Shall Not Be Moved shows how residents, remarkably, turned a profound national failure into a story of hope.</p>
<p>After a terrible car accident, Kat wakes up with no idea who she is, and no memory of anything before the crash. She doesn't even recognize her mum, much less her friends from school—Poppy, Jade, and the mysterious Tina. Only after she finds her old diary—written in a voice no longer her own—does Kat begin to discover the terrible secrets of her previous life. This incredible novel explores the damage amnesia can do to a family, and how one girl struggles to reconcile her new personality with her old.</p>
<p>CHOSEN BY THE ECONOMIST AS A BEST BOOK OF THE YEAR An American linguist teaching in England explores the sibling rivalry between British and American English " English accents are the sexiest. " " Americans have ruined the English language. " Such claims about the English language are often repeated but rarely examined. Professor Lynne Murphy is on the linguistic front line. In The Prodigal Tongue she explores the fiction and reality of the special relationship between British and American English. By examining the causes and symptoms of American Verbal Inferiority Complex and its flipside, British Verbal Superiority Complex, Murphy unravels the prejudices, stereotypes and insecurities that shape our attitudes to our own language. With great humo(u)r and new insights, Lynne Murphy looks at the social, political and linguistic forces that have driven American and British English in different directions: how Americans got from centre to center, why British accents are growing away from American ones, and what different things we mean when we say estate, frown, or middle class. Is anyone winning this war of the words? Will Yanks and Brits ever really understand each other?</p>
<p>Chances are, you or someone you know is affected by a tongue-tie. Common, yet little understood, tongue-ties can lead to a myriad of problems, including difficulty when nursing, speaking or eating. In the most crucial and formative parts of children ' s lives, tongue-ties have a significant effect on their well-being. Many parents and professionals alike want to know what can be done, and how best to treat these patients and families. And now, there are answers. Tongue-Tied: How a Tiny String Under the Tongue Impacts Nursing, Feeding, Speech, and More is an exhaustive and informative guide to this misunderstood affliction. Along with a team of medical specialists, author Dr. Richard Baxter demystifies tongue-ties and spells out how this condition can be treated comprehensively, safely and comfortably. Starting with a broad history of tongue-ties, this invaluable guide covers 21st-century assessment techniques and treatment options available for tethered oral tissues. Various accounts of patient challenges and victories are prominently featured as well. With the proper diagnosis and treatment, tethered oral tissues can be released with minimal discomfort, resulting in lives free of struggles during nursing, speaking, and feeding, while also reducing the incidence of dental issues, headaches, and even neck pain for children through adults. Aimed at both parents and professionals, Tongue-Tied encourages those affected while providing reassuring and valuable information. Dr. Baxter and his qualified team have pooled their expertise to make a difference in the lives of people. No longer will young patients and their parents suffer without answers.</p>
<p>As the Japanese prepare to invade Singapore, an Anglophile Chinese family struggles to survive and preserve its dignity in the face of increasing deprivations and the shifting loyalties of spies, expatriates, and nationalists. Reader's Guide included. Reprint. 20,000 first printing.</p>
<p>" Vastly informative and vastly entertaining...A scholarly and fascinating book. " —Los Angeles Times With dazzling wit and astonishing insight, Bill Bryson explores the remarkable history, eccentricities, resilience and sheer fun of the English language. From the first descent of the larynx into the throat (why you can talk but your dog can ' t), to the fine lost art of swearing, Bryson tells the fascinating, often uproarious story of an inadequate, second-rate tongue of peasants that developed into one of the world ' s largest growth industries.</p>
<p>Certified behavioral consultant Deborah Pegues knows how easily a slip of the tongue can cause problems in personal and business relationships.
