Blazars (also known as BL Lac objects), first discovered in 1978, are unusually energetic objects in the extragalactic universe. About 200 are known or suspected. They are radio sources with highly variable optical and radio emission, as well as high polarisation, and their optical spectra normally have no distinguishable features. It is generally accepted that they belong to that class of galaxies with active galactic nuclei, which are presumed to be driven by infall of matter to a supermassive black hole. In this book researchers give a complete summary of the observations of blazars and the theoretical interpretation. A comprehensive listing of confirmed and candidate objects is included. Mechanisms in which the variability can arise from shocks and relativistic jets are discussed. There are at least four different answers given to the question: what is a blazar? This book is a complete overview of the violent activity observed in these extreme active galactic nuclei.

From one of the most beloved chefs and authors in America, a beautifully illustrated collection of 150 simple, seasonal Italian recipes told with commonsense cooking wisdom—from the cutting board to the kitchen table. As storyteller and chef, Lidia Bastianich draws on anecdotes to educate and illustrate. Recalling lessons learned from her mother, Erminia, and her grandmother Nonna Rosa, Lidia pays homage to the kitchen sages who inspired her. Whether it's Citrus Roasted Veal or Rustic Ricotta Tart, each recipe is a tangible feast. We learn to look at ingredients as both geographic and cultural indicators. In Campania, the region where mozzarella is king, we discover it best eaten three hours after preparation. In Genova we are taught that while focaccia had its basil origins in the Ligurain culinary tradition, the herbs and flavorings will change from region to region; as home chefs, we can experiment with rosemary or oregano or olives or onions! When it's time for dessert, Lidia draws on the scared customs of nuns in Italian monasteries and convents and reveals the secret to rice pudding with a blessing. Lidia's Commonsense Guide to Italian Cooking is a masterclass in creating delectable Italian dishes with grace, confidence and love.
