"I have used Hill and Walton's A Survey of the Old Testament from the very first edition to the current third edition because students have responded very positively to it and give the textbook a high rating. It is especially effective for introducing students from traditional church backgrounds to the new world of higher criticism. In discussing more controversial topics such as 'The ...

This second edition of the widely used and highly praised Old Testament Survey revises the original edition and greatly expands its attention to historical and geographical topics. These are combined with the first edition's focus on literature and narrative, and an increased amount of improved maps are also included. In all, the book charts every major element that unifies the Old Testament, making it an excellent companion for Bible reading. Any student desiring a thorough and time-tested overview of the Bible's first half will find it in this updated edition of Old Testament Survey.

This second edition of the widely used and highly praised Old Testament Survey revises the original edition and greatly expands its attention to historical and geographical topics. These are combined with the first edition's focus on literature and narrative, and an increased amount of improved maps are also included. In all, the book charts every major element that unifies the Old Testament, making it an excellent companion for Bible reading. Any student desiring a thorough and time-tested overview of the Bible's first half will find it in this updated edition of Old Testament Survey.

A companion to the newly revised and expanded second edition of Old Testament Survey, this student workbook features all-new exercises for seminary classroom settings, including map work, fill-in-the-blanks, etc. Professors should note this is all new text that is not connected to the previous edition of the workbook that accompanied the original 1992 edition of Old Testament Survey.

Since its publication in 1982, Old Testament Survey has served as the standard textbook on the background, content, literary quality, and message of the Old Testament. The second edition of this excellent work has been thoroughly revised and updated to take into account new research in the field of Old Testament studies. The book now also includes important new contributions from six leading biblical studies scholars: Leslie C. Allen, James R. Battenfield, John E. Hartley, Robert L. Hubbard Jr., John E. McKenna, and William B. Nelson Jr. Reflecting the best of evangelical scholarship, Old Testament Survey provides a comprehensive study of the nature and contents of each of the thirty-nine books of the Old Testament and also considers the historical data and theological themes relevant to the Hebrew Scriptures. Part 1 covers the five books of the Pentateuch. Part 2 studies the books of the Prophets, with special consideration given to the birth and history of Israel's monarchy, the role of prophets and prophecy, and the nature of Hebrew poetry. Part 3 examines the Writings, including a special study of wisdom literature in general. Part 4, which has been relocated from the front of the book to the back, contains studies of various background themes necessary for understanding the Old Testament: "The Authority of the Old Testament for Christians," "Revelation and Inspiration," "The Concept of Canon," "Formation of the Old Testament," "Geography," "The Chronological Puzzle," "Archaeology," and "Messianic Prophecy." All of the revisions and enhancements undertaken in this volume will make Old Testament Survey even more serviceable for college and seminary use as well as for study by scholars, pastors, and interested lay readers.

This workbook accompanies A Survey of the Old Testament by Andrew E. Hill and John H. Walton. It follows the textbook's structure and offers readings, activities, and exercises designed to support the students' learning experience as they explore the literary, historical, and theological issues behind each book of the Old Testament. A Survey of the Old Testament Workbook offers students an additional contact point with the content and concepts from the main textbook and will help them better understand the Old Testament, its background, purpose, message, structure, and major themes. This workbook is an indispensable study resource for students and independent learners alike who want to deepen their understanding of the Old Testament and the God it reveals.

Merrill has extensively updated this popular-level Old Testament history to discuss updates in archaeology and textual understanding. It is also more current as a defense of the Bible's accuracy.

Presents the characters, plot, theme, symbols, prose, and poetry of each Old Testament book, following the Hebrew canonical order.

This new edition of a bestselling evangelical survey of the Old Testament (over 180,000 copies sold) has been thoroughly updated and features a beautiful new interior design. It is lavishly illustrated with four-color images, maps, and charts and retains the pedagogical features that have made the book so popular: chapter outlines, objectives, and summaries; study questions; sidebars featuring primary source material, ethical and theological issues, and contemporary applications; lists of key terms, people, and places; further reading recommendations; endnotes and indexes The book is supplemented by web-based resources through Baker Academic's Textbook eSources, offering course help for professors and study aids for students.

Provides pastors and students with expert guidance on choosing a commentary for any book of the Old Testament.

Leading biblical scholars from Liberty University offer a thorough survey of the complete Old Testament, with book introductions, theological concepts, practical applications, word studies, and more.
