Real Advice from a Real Investor If you are dreaming of getting started in the investing world to supplement your income or even kick your 9-to-5 job to the curb completely, then Options Trading: The Ultimate Beginner's Guide might be the answer you have been looking for.This book will help you learn everything you need to know in order to start making successful moves in the options market, even if you aren't quite sure what an option is at this moment. Simply put, options are like stocks or bonds in that they are a variety of security which, when purchased, give you the option of purchasing or selling a stock or another related asset at a specific price. While it might seem complicated now, the reality is that it is mostly about doing research and executing on a specific plan once certain numbers are met. While once only the domain of Wall Street, online options trading makes the process easier than ever. So, what are you waiting for? Stop dreaming and start acting. Inside You Will Find A complete breakdown on all option types Detailed explanations on exactly how options work An easy to follow step-by-step guide to walk you through your first options trade The best strategies for a beginner to achieve success The lingo of a professional options trader The easiest way to guarantee long term trading success Common mistakes beginners make and how to avoid them Much, much more! This is the definitive guide to get you started on trading options!

Important insights into effective option strategies In The Complete Guide to Option Strategies, top-performing commodity trading advisor Michael Mullaney explains how to successfully employ a variety of option strategies, from the most risky--selling naked puts and calls--to more conservative strategies using covered positions. The author covers everything from options on stocks, exchange-traded funds, stock indexes, and stock index futures to essential information on risk management, option "Greeks," and order placement. The book provides numerous tables and graphs to benefit beginning and experienced traders. Written by a CTA who has successfully employed various options strategies to generate market-beating returns, The Complete Guide to Option Strategies will be an important addition to any trader's library. Michael D. Mullaney (Jacksonville, FL) is a high-ranking commodity trading advisor who specializes in option selling strategies.

The world of Financial Options can be quite confusing when facing with the different concepts that abound in it. However, due to the enormous versatility that exists, it has been proven that trading with financial options is one of the most profitable ways to trade.Options are a fundamental tool that we must know if we want to be truly successful in the market, since they perfectly complement stocks, creating the opportunity to carry out spectacularly profitable strategies.For example, did you know that with options, it is possible to face half the risk in a trade compared to the one that a shareholder is exposed to? Also, did you know that there are ways to collect a profit when you have a portfolio of stocks that are not producing the results you expected? Unfortunately, a shareholder who is not familiar with this market does not have access to information of this caliber, which can be extremely useful and productive. This and much more is precisely what you will learn in this volumeContent: Chapter 1: What is a Financial Options?Chapter 2: How do we price options?Chapter 3: Greeks and probabilities.Chapter 4: Performance and metrics of a real call and a real put.Chapter 5: Basic StrategiesChapter 6: Intermediate StrategiesChapter 7: Directional and non-directional strategies, how do they work?Chapter 8: Complex Non-Directional StrategiesChapter 9: Complex Directional StrategiesChapter 10: Long-Term profitability with financial optionsChapter 11: Options on Indices and WarrantsChapter 12: The real operative in the option marketBonus: Extra tools and free material for the traderThis book is for anyone, with or without experience in options trading, and it will help you to obtain a constant profit while making the best of your trades. You can find free information and tools at https://warsopation.c

Do you find yourself stuck in a regular 9 to 5 working hour job and longing for a taste of freedom from that tedious work routine, and wish to make more time for yourself? This book will demonstrate how to trade profitably without the use of complicated indices. So, stop fiddling about! Scroll up and click the "Buy Now" button and download this exceptional book right now!

Make a steady part-time income from trading options month after month! If you are a beginner to the world of options trading, this is the only book you will need to learn the basics of the game and to start earning a handsome income consistently every month. The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to indulge in. Most of the few that venture out into this terrain with half-baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space. If you are somebody who has shielded away from options trading in the past thinking it is beyond comprehension or because you always ended losing money while trading options, then this is the right book for you. As a beginner's guide into the world of options trading, here's what this book contains: What Stock Options are in simple terms! The various types of options and the common terms used in options trading. The underlying principles of options trading using easily-understandable scenarios. Basic mistakes made by beginners and how to avoid them. Six great strategies, with real case studies, to that teach you how to consistently make profits while controlling your risk. Note: As an added bonus, this book also gives you access to downloadable worksheets you can use to calculate the potential returns and risk exposure for any strategic trade you want to get into or to even just carry out paper-trades! This book adopts an unsophisticated approach to teach options trading to just about anybody. Therefore, if you are looking for a place to start learning about options trading and how to earn off it, look no further!

Would you like to become an expert in trading? Would you like to learn the secrets of the trade and become a successful investor? If so, this guide will show you the advanced strategies and tactics you need to succeed in Day Trade Forex, Options, Futures, and Stocks. Some people equalize trading with gambling, but that can't be farther from the truth. Trading and investing is nothing like pulling the handle of a slot machine and hoping that "lady luck" smiles upon you. If you have the right strategies, the risk can be mitigated to a minimum, and then, the return is guaranteed. The in-depth guide will teach you how to get started with trading in no time and guide you through making your first trade. Mental exercises will show you how to think, breathe, wake up, eat and sleep like a real trader. Here is what this book can offer you: -Advanced trading strategies that increase profits and minimize risk - Complete guide to understanding the market environment - Best platforms and tools to use in trading - Mental exercises to help you develop a trader's mindset and learn to think, breathe, and live like one -And much more!

Stop settling for non-existent savings account rates and bank CDs which pay less than 1%... and start making your investments work for you again... If you're worried about the current market uncertainty, these 3 options strategies are your antidote to chaos. You can use them to generate consistent returns, no matter what happens to your stock. Making it the perfect income strategy, because you can use covered calls, credit spreads & iron condors to create instant cash, with premiums paid directly into your brokerage account. Even if you know nothing about options, this book will get you right up to speed. Here is just a fraction of what you'll discover: - The 6 criteria we use to select the best stocks to write covered calls on - The vital difference between covered and uncovered calls - Options Greeks explained in 10 minutes - 3 rules for adjusting your covered call - How to use covered calls to lower the purchase price of stocks you already own - The 8 criteria we use to select the best stocks to write credit spreads - The only 3 technical indicators you need to know for credit spreads. Ignore everything else, you only need these 3 beginner friendly metrics to get started - 10 effective ways to master the mental side of trading - The 5 best low-commission brokers for beginner options traders - Trade options like Warren Buffett! The world's greatest investor has used this specific strategy to make \$4.9 Billion over the past decade - 3 "non-negotiable" trading rules. Adhere to these and you will be ahead of 90% of amateur traders - Exactly what level the VIX should be at before you sell a spread. A backtest implementing this one tweak made the strategy 50% more profitable over 10 years worth of trades...and much, much more! Plus, inside the book you get free access to a 9 part video course covering every aspect of profitable investing So even if you've never used options before, the book walks you through everything step by step. You'll find everything explained in plain English, free from technical jargon. Even if you get stuck, you can always send us an email (provided inside the book) or reach out in our private investing community on social media - we're always happy to help with any questions you might have. And remember... bank CD's will only pay you between 0% and 1%... the dividend yield on the S&P 500 is around 2%... and 5 to 10 year municipal bonds will only pay between 2% and 3%. But if you use what's inside this book, you could have the opportunity to earn so much more than that. And when you receive just a single premium from one of these trades (which is paid into your account instantly) it will cover the cost of this book 10x over.

THE OPTIONS INVESTING BESTSELLER--WITH CRITICAL NEW INSIGHT FOR TODAY'S TUMULTUOUS MARKETS Written in an accessible, easy-to-read style, this new edition of Understanding Options provides everything you need to get started on the right foot in the increasingly popular options market. You'll learn what options are and how they work, their pros and cons, their relationship with stocks, and how to use them to gain leverage, generate extra income, and protect against adverse price movements. Understanding Options covers everything that has made it the go-to guide for novice investors--plus it has brand-new information and features, including: Updated facts, charts, and figures Expanded coverage of collars, credit and debit spreads, mini-options, the Greeks, and protective puts Key strategy insights from master options traders A critical look at trading options on ETFs Options simply are not as confusing as the other books make them seem. Written specifically for the novice, Understanding Options is the best, most inviting guide available for building a solid foundation in options investing.

Uncovering Options Trading Profit Making Secrets If you have ever spent any real time trading in one or more of the asset investment markets, then you know how little freedom you sometimes have to go your own way and set your parameters for financial success as they make sense to you. Not so with options trading, which, as the name implies provides you with the option, not the obligation to carry through on what you have started. What's more based on the state of the market at the moment, you can easily transfer all of your existing skill into this new way of trading without missing a beat. If you are already somewhat familiar with options trading but want to take your skills to the next level then Options Trading: The Ultimate Guide to Options Trading is the book you have been waiting for. Studies show that barely more than 10 percent of all options traders display the type of mindset that will help them be successful in the long term. Inside you will learn not just what it takes to form the type of mindset that will lead you to success, you will also learn important tips that the best options traders utilize on a daily basis along with the mistakes that many traders of all skill levels fall into and how you can avoid them for yourself. You will also learn what a reliable options trading plan looks like and how to measure the metrics of your current system to ensure that it measures up. If you know that you have it in you to be successful in the asset market, but you haven't quite found the right niche, then what are you waiting for? Take control of your financial future and buy this book today! Inside you will find: The difference between liquid and illiquid options and which you stay away from more often than not. Why it is important to consider historical volatility before you make any moves. Which metrics you are going to want to consider in order to determine if your trading plan is a dud or a financial stud. Ten different trading strategies for all seasons and market moods and how to get the most out of each one. Several specialized and advanced trading techniques and when to use them for maximum profit. And more...
