Paper Airplane Instructions – Origami Resource Center
 This origami paper airplane is quick and easy to make, and it's able to make long, straight flights. The project works best with 6-inch lightweight origami paper squares. Although many origami projects can be folded with scrapbook paper, magazine pages, and other materials, the airplane needs a lightweight paper to fly well. Thicker paper is also more difficult to fold, which makes it more likely that your plane will be asymmetrical and end up taking a quick nosedive upon launch.
