In Craig Stewart's, One Thing for Certain, Two Things for Sure he reminds us that there are no mistakes or accidents in life—that everything happens as it should. Through the dissolution of a sordid affair with a married man, friendships, and personal setbacks he teaches us the art of letting go, and adapting to whatever comes our way. Stewart allows us, the reader, an intimate look into his personal life through stories that center on dating, love, fear, fate and destiny. "I hope my story, these words, will help navigate the lives of men and women everywhere." Craig Stewart's groundbreaking debut memoir, Words Never Spoken transcended race, gender and sexuality. Dubbed a literary piece of artwork, Words Never Spoken gave voice to men and women who are conflicted sexually, and frustrated by the complexities of being gay, bisexual or trans. Stewart returns with the long awaited sequel, One Thing for Certain, Two Things for Sure, A Memoir continued. "I promised myself years ago that I wouldn't be the kind of writer, artist, who puts out a project because people want to hear more from me. Rather, I'd be the kind of artist that only puts out a work because I have something to say, and I've kept that

promise." www.CraigTheWriterStewart.com

In a world of suppressed magic, I'm an Unknown. Deadly power, little control. I'm only alive because I pay a Blood Sorcerer to keep me hidden. But when he comes to collect on the debt I can't pay, one of his goons slams me with a deadly curse. Suddenly, I'm out of options and out of time. When I'm given a rare chance to join the secretive Undercover Protectorate and train at their academy to become an investigator, I have a way to hunt the cure for the curse. They have resources I don't. Easy, since I'm broke. Seems like a good plan, right? At least, until they tell me Cade will be joining me on my hunt for the Blood Sorcerer. He's an actual Celtic war god--and the hottest guy I've ever seen. The catch? I can't let him know that I'm an Unknown, or I'm out on my ass and deader than Hades.

Where winning means survival According to legend, I'm supposed to be some kind of all-powerful DragonGod-gifted with the magic of gods. Instead, I'm a dud. In fact, I'm currently failing out of the Undercover Protectorate's magical institute. It's the supernatural version of Scotland Yard, and I've got one chance left to earn my place here. To do so, I have to compete in a deadly race across the world. In order to win, I need to survive. And I'll need the help of a sexy and powerful shifter mage named Lachlan Munroe. When we figure out that the race is rigged, Lachlan and I must rely on each other to make it through. But will I be able to learn enough magic to save my life?

Charley is a cleaner by day and a professional gambler by night. She might be haunted by her tragic past but she's never thought of herself as anything or anyone special. Until, that is, things start to go terribly wrong all across the city of Manchester. Between plagues of rats, firestorms and the gleaming blue eyes of a sexy Scottish werewolf, she might just have landed herself in the middle of a magical apocalypse. She might also be the only person who has the ability to bring order to an utterly chaotic new world. This is the first book in The City Of Magic series.

Ten year old Ferius Parfax has a simple plan: kill every last inhabitant of the spell-gifted nation that destroyed her people, starting with the man who murdered her parents. Killing mages is a difficult business, of course, so Ferius undertakes to study the ways of the Argosi: the loosely-knit tribe of tricksters known for getting the better of even the most powerful of spellcasters. But the Argosi have a price for their teachings, and by the time Ferius learns what it is, it may be too late. Perfect for fans of The Dark Tower, Firefly, Guardians of the Galaxy, Terry Pratchett, Ben Aaronovitch and Jim Butcher.
