The winners of the Nobel Prize show how economics, when done right, can help us solve the thorniest social and political problems of our day. Figuring out how to deal with today's critical economic problems is perhaps the great challenge of our time. Much greater than space travel or perhaps even the next revolutionary medical breakthrough, what is at stake is the whole idea of the good life as we have known it. Immigration and inequality, globalization and technological disruption, slowing growth and accelerating climate change--these are sources of great anxiety across the world, from New Delhi and Dakar to Paris and Washington, DC. The resources to address these challenges are there--what we lack are ideas that will help us jump the wall of disagreement and distrust that divides us. If we succeed, history will remember our era with gratitude; if we fail, the potential losses are incalculable. In this revolutionary book, renowned MIT economists Abhijit V. Banerjee and Esther Duflo take on this challenge, building on cutting-edge research in economics explained with lucidity and grace. Original, provocative, and urgent, *Good Economics for Hard Times* makes a persuasive case for an intelligent interventionism and a society built on compassion and respect. It is an extraordinary achievement, one that shines a light to help us appreciate and understand our precariously balanced world.

The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English. It is designed for learners at intermediate and advanced levels and for teachers, and is equally suitable for quick reference to details or for the moreleisureed study of grammatical topics. The emphasis is on meaning in the choice of grammatical pattern, and on the use of patterns in texts and in conversations.

The book offers a simple yet effective way to learn English as well as to translate from Hindi to English. It contains several common hindi sentences that have been translated into English that allow a learner to easily understand day-to-day words and how to use them in sentences when writing or speaking in English. By learning how typical Hindi sentences, when translated into english can be used in everyday life, one can improve his or her grasp about using both the language. Besides the author, a good bi-linguist, has even detailed the grammatical aspects about each topic given in the book, which offer self improvising problems with easy solutions to them. Different sections have been created so as to improve the reader's basic grammar, which includes Nouns, Pronouns, Tenses, Sentence making, etc. Each section comes with a separate practice set that lets the readers test English reading, writing and speaking skills as well as the translation ability that one has been able to learn. There is even a separate vocabulary section to help readers learn more new words and how to use them effectively while communicating. With step-by-step guidelines, one can surely bring fluency in their English language usage over a few months.

Damascius was head of the Neoplatonist academy in Athens when the Emperor Justinian shut its doors forever in 529. His work, *Problems and Solutions Concerning First Principles*, is the last surviving independent philosophical treatise from the Late Academy. Its survey of Neoplatonist metaphysics, discussion of transcendence, and compendium of late antique theologies, make it unique among all extant works of late antique philosophy. It has never before been translated into English. The *Problems and Solutions* exhibits a thoroughgoing critique of Proclean metaphysics, starting with the principle that all that exists proceeds from a single cause, proceeding to critique the Proclean triadic view of procession and reversion, and severely undermining the status of intellectual reversion in establishing being as the intelligible object. Damascius investigates the internal contradictions lurking within the theory of descent as a whole, showing that similarity of cause and effect is vitiated in the case of processions where one order (e.g. intellect) gives rise to an entirely different order (e.g. soul). Neoplatonism as a speculative metaphysics posits the One as the exotic or extopic explanans for plurality, conceived as immediate, present to hand, and therefore requiring explanation. Damascius shifts the perspective of his metaphysics: he struggles to create a metaphysical discourse that accommodates, insofar as language is sufficient, the ultimate principle of reality. After all, how coherent is a metaphysical system that bases itself on the Ineffable as a first principle? Instead of creating an objective ontology, Damascius writes ever mindful of the limitations of dialectic, and of the pitfalls and snares inherent in the very structure of metaphysical discourse.

The bestselling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, The Blue Book of Grammar and Punctuation includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This updated 12th edition reflects the latest updates to English usage and grammar, and includes answers to all reproducible quizzes to facilitate self-assessment and learning. Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with even more quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, The Blue Book of Grammar and Punctuation offers comprehensive, straightforward instruction.

The Oxford Handbook of Egyptology offers a comprehensive survey of the entire study of ancient Egypt, from prehistory through to the end of the Roman period. Authoritative yet accessible, and covering a wide range of topics, it is an invaluable resource for scholars, students, and general readers alike.
