Papers On Socialization

Essay on Socialization! Socialization is the process through which the individual learns to become an accepted member of the society. At birth the neonate is neither social nor unsocial. Because of this helplessness at birth he has to depend on other social beings for his care and welfare.

Essay on Socialization - Psychology Discussion
Socialization essay. Socialization refers to the ways in which people learn to conform to their society's norms, values, and roles. Primary socialization consists of the ways in which the newborn individual is molded into a person who can interact with others according to the expectations of society. Secondary socialization occurs in childhood and adolescence, primarily through schooling, and adult socialization refers to the ways in which a person learns the norms associated with new statuses.
