As a professional working with all types of children on a daily basis, you know what a positive influence parents can have on a child's success in school and beyond. You also know how essential parental involvement is for children with attention deficit disorders, especially when the child's difficult behaviors controlsituations with his or her peers, siblings, and adults. Now you can give parents guidance and hope in dealing with their children through Power Parenting for Children with ADD/ADHD: A Practical Parent's Guide for Managing Difficult Behaviors. Written in clear, nontechnical language, this much-needed guide provides practical, real-life techniques and activities to help parents.

This book enables parents and carers of 'really difficult' children to help their child succeed and flourish. The nurtured heart approach has helped thousands of families in America who previously felt their child was stuck. This new UK edition reflects parents' increasing need for effective ways of parenting their intense children without needing to turn to medication.

Outlines a four-step program for decluttering a home, increasing a child's sense of security, scheduling down time, and instilling calmness in the face of hectic environments.

Is your child defiant, often angry, frequently lying, inordinately affectionate to strangers, lacking in remorse, and seemingly unable to trust anyone? Antisocial behaviors and attitudes like these can lead to a diagnosis of Reactive Attachment Disorder (RAD). Adopted children are especially prone to develop it. Parenting the Difficult Child: A Biblical Perspective on Reactive Attachment Disorder applies a biblical lens to a child exhibiting defiant and aggressive behaviors and RAD characteristics. Using specific examples and practical implementation ideas, it explains how parents can apply the clear, practical solutions of Scripture to address the habituated heart motivations, thoughts, and actions of an alienated, angry child. It shows how to get to heart issues and how to handle manipulation. The behaviors of the antisocial child challenge the whole family. Two chapters are devoted to encouraging and guiding parents and siblings who may themselves struggle with difficult emotions. Part three concisely explains several primary attachment theories and contrasts them with biblical principles. For example, what does the Bible say about the idea that children labeled with RAD do not trust and lack a conscience? It provides biblical principles pertinent for evaluating behavioral research and attachment therapies. Christian parents, counselors, and pastors will find this practical book helpful for learning what the Bible says about difficult children, including those labeled with RAD, and how to parent them.

Winner of the ECPA Book of the Year Award for Christian Living What is your calling as a parent? In the midst of folding laundry, coordinating carpool schedules, and breaking up fights, many parents get lost. Feeling pressure to do everything "right" and raise up "good" children, it's easy to lose sight of our ultimate purpose as parents in the quest for practical tips and guaranteed formulas. In this life-giving book, Paul Tripp offers parents much more than a to-do list. Instead, he presents us with a big-picture view of God's plan for us as parents. Outlining fourteen foundational principles centered on the gospel, he shows that we need more than the latest parenting strategy or list of techniques. Rather, we need the rescuing grace of God—grace that has the power to shape how we view everything we do as parents. Freed from the burden of trying to manufacture life-change in our children's hearts, we can embrace a grand perspective of parenting overflowing with vision, purpose, and joy.

Do you dread parent-teacher conferences? Does your child really know how to push your hot button? Has your child been labeled "defiant" or "rebellious"? Here are proven strategies that have helped millions to tame -- not break -- a spirited child. Parents are often faced with scary labels for their children, such as attention deficit disorder, learning disabilities, bipolar disorder, or hyperactivity. In this uniquely prescriptive guide, leading parenting expert Dr. Michael Popkin shows parents how to think differently about so-called problem children. The effective strategies within this guide will quiet the difficulties spirited children have at home and school while exposing the unique, special gifts they possess. Develop a relationship with your spirited child by: -- Building relationship skills -- Disciplining with encouragement -- Balancing the power dynamic -- Curbing tantrums effectively With step-by-step methods for every type of misbehavior and every child's unique personality, this comprehensive guide will help parents cultivate their child's spark, not extinguish it -- and reach beyond depressing labels for their beloved children.

Solve typical toddler challenges with eight key mindshifts that will help you parent with clarity, calmness and self-control. Through stories from her practice, Claire Lerner shows parents how making critical mindshifts—seeing their children's behaviors through a new lens —empowers parents to solve their most vexing childrearing challenges. This process puts parents back in the driver's seat, where they belong and where their children need them to be. These real life stories provide a roadmap for how to tune into the root causes of children's behavior and how to create and implement strategies that are tailored to the unique needs of each child and family. Through these stories, Claire provides a treasure trove of practical solutions that are based in science and which work in real life. Why Is My Child In Charge? picks up where other books have left parents hanging. Most parenting books offer solutions that sound good on paper but don't work in practice. They are aspirational rather than achievable, or they offer one-size-fits-all approaches that don't meet the needs of an individual child. They can compound parents' feelings of frustration and thus, can be counterproductive. Case by case, Claire unpacks the individualized process she guides parents through to solve the most common challenges such as throwing tantrums in public; delaying bedtime for hours; refusing to participate in family mealtimes; and resisting potty training. Employing a relatable story-telling approach, Claire elucidates: The faulty mindsets that pose obstacles to parents seeing the situation more objectively The essential mindshifts that enable parents to quickly identify the root causes of the problem The development of an action plan tailored to each unique child and family Why is My Child in

Charge? is like having a child development specialist in your home. It shows how you can develop “win-win” strategies that translate into adaptable, happy kids and calm, connected and in-control parents. It will help you be the parent you want to be.
