The wonders of Paris never fail to delight both visitors and inhabitants alike. Like many before him, artist Alain Bouldouyre, a long-time resident of the City of Lights, has been snared by the city's charms. My Paris Sketchbook documents his deep attachment to the capital, presenting a selection of sketches made over the past few years, all executed in watercolor. Bouldouyre takes us on a very personal tour, visiting both the well-known and less frequented streets and sites the capital has to offer. My Paris Sketchbook evokes the true character of the city's particular palette of colors, its imposing historical architecture punctuated by discreet contemporary interludes, and the eternal romance and beauty of the Seine and its banks. This book will provide a treasured addition to the library for Paris

lovers, while enthusiasts of watercolor will appreciate the artist's mastery of this highly popular medium.

Artist Cat Seto, founder of the acclaimed Ferme à Papier brand, introduces you to the City of Light as never before in this distinctive volume—both a visual feast and celebration of the artistic process—filled with lavish illustrations and descriptive meditations that capture the quotidian pleasures of France ' s capital city and how they have inspired creativity. In Impressions of Paris, Cat Seto takes you on a dazzling and enlightening tour of Paris, from familiar sights to hidden surprises, to reveal this legendary city as never before. Combining informative and entertaining vignettes, stories, and notes with stunning full-color illustrations, she draws parallels between the city and the art it inspires. Organized around four main principles of art—color, pattern, perspective, and rhythm—Impressions of Paris is a celebration of the artistic spark in the city ' s mundane yet marvelous details: the pistachio and cassis palette triggered by the ice cream case at Berthillon; how a rainy stroll through an open air market transforms into a smudgy gouache (pronounced gwash) pattern; the lovely ubiquity of the iconic French stripe, the Breton. Pretty and inventive, surprising and stimulating, Impressions of Paris captures the beauty and charms of this stunning city and extols its power to stimulate the creative imagination—inviting artists and art appreciators to intimately experience a painter ' s process.

I am a 3D kinda guy, not really a 2D guy, so opening my sketch book has always been a little scary. Like Indiana Jones in the Holy Grail, I'm taking a step off the cliff on to the invisible bridge by showing this work (ya, I'm a geek). Somewhere in 2009 I decided I needed to challenge myself and learn how to draw better. So I drew every day. After a while I found the courage to show one of my early sketchbooks to my friend Peter DeSeve. He was kind but gave good crits of the work, which was done in every medium you could think of. The main thing I took home that day was his comment to start by picking one medium and sticking with it for a while. So what did I do? I picked the hardest and scariest thing for me... INK! For about 4 years I only drew in sepia ink with a fountain pen, I also used a water brush for shading. Eventually this style emerged and I filled dozens of sketchbooks over the years. The challenge was great and always scared me as soon as I touched my pen to paper. All of this happened as I was leaving Blue Sky

and began work for Illumination Entertainment, I was spending about 1/3 of the year in Paris working for them. So this book is not so much a traditional artists sketchbook, as much as a visual diary of that time in my life. I am still challenged every time I draw but it has been a great learning experience for me. I still can not draw the way I would like or like the many artists that have inspired me, but as the French say "C'est pas mal", which literally translates in English to "It's not bad". But I like to think of that phrase as saying, "there is always room for improvement". So with that, I take a step off the cliff and give you... a slice of my life in Paris

Books on Paris are legion, but there is virtually none devoted to its rooftops and the vistas they look out into. *Rooftops of Paris* is an invitation to travel to a new and unfamiliar territory in a city filled with time-honoured historical and cultural icons that many are so familiar with. This volume of quirky but charming artworks provides a view of Paris as seen from its rooftops by illustrator Fabrice Moireau and writer Carl Norac. Moireau undertakes a close study of Paris, surveying it at rooftop level with an entomologists eye for detail. In this book, he captures in watercolour the city's lesser known nooks and crannies, alongside the famous landmarks, offering unusual angles and new ways of seeing an iconic city. This other side of Paris this levitated, almost unreal world is an extravagant mass of ingenious shapes and forms that give protection from rain, wind and architectural monotony. The captions accompanying the paintings are rendered in Moireau's own handwriting while the evocative and poetical text was crafted by Norac, an award-winning poet, playwright and author of children's books. The writer goes beyond prosaic description to capture some of the wild and poetic

imaginings inspired by these rooftops.
