William Sharp (1855-1905) conducted one of the most audacious literary deceptions of his or any time. Sharp was a Scottish poet, novelist, biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod. This was far more than just a pseudonym: he corresponded as Macleod, enlisting his sister to provide the handwriting and address, and for more than a decade "Fiona Macleod" duped not only the general public but such literary luminaries as William Butler Yeats and, in America, E. C. Stedman. Sharp wrote "I feel another self within me now more than ever; it is as if I were possessed by a spirit who must speak out". This three-volume collection brings together Sharp's own correspondence – a fascinating trove in its own right, by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti, Walter Pater, and George Meredith – and the Fiona Macleod letters, which bring to life Sharp's intriguing "second self". With an introduction and detailed notes by William F. Halloran, this richly rewarding collection offers a wonderful insight into the literary landscape of the time, while also investigating a strange and underappreciated phenomenon of late-nineteenth-century English literature. It is essential for scholars of the period, and it is an illuminating read for anyone interested in authorship and identity.

Chiefly record of the history of the Arrol family name and origins. Contains descendants of various families from Scotland. Descendants lived in Canada, Germany, England, New Zealand, Scotland, Australia, India, France, and various areas of the United States.

Women Classical Scholars: Unsealing the Fountain from the Renaissance to Jacqueline de Romilly is the first written history of the pioneering women born between the Renaissance and 1913 who played significant roles in the history of classical scholarship. Facing seemingly insurmountable obstacles from patriarchal social systems and educational institutions--from learning Latin and Greek as a marginalized minority, to being excluded from institutional support, denigrated for being lightweight or over-ambitious, and working in the shadows of husbands, fathers, and brothers--they nevertheless continued to teach, edit, translate, analyse, and elucidate the texts left to us by the ancient Greeks and Romans. In this volume, 20 essays by international leaders in the field chronicle the lives of women from around the globe who have shaped the discipline over more than 500 years. Arranged in broadly chronological order from the Italian, Iberian, and Portuguese Renaissance through to the Stalinist Soviet Union and occupied France, they synthesize illuminating overviews of the evolution of classical scholarship with incisive case-studies into often overlooked key figures: some, like Madame Anne Dacier, were already famous in their home countries but have been neglected in previous, male-centered accounts, while others have been almost completely lost to the mainstream cultural memory. This book identifies and celebrates them--their frustrations, achievements, and lasting records; in so doing it provides the classical scholars of today, regardless of gender, with the female intellectual ancestors they did not know they had.

“Mamet’s intellectual rigor is evident on every page. There is not a wasted word” in this novel based on the wrongful murder conviction of a Jewish man (Time Out). In 1913, a young woman was found murdered in the National Pencil Factory in Atlanta. The investigation focused on the Jewish manager of the factory, Leo Frank, who was subsequently forced to stand trial for the crime he didn’t commit and railroaded to a life sentence in prison. Shortly after being incarcerated, he was abducted from his cell and lynched in front of a gleeful mob. In vividly re-imagining these horrifying events, Pulitzer Prize–winning author David Mamet inhabits the consciousness of the condemned man to create a novel whose every word seethes with anger over prejudice and injustice. The Old Religion is infused with the dynamic force and the remarkable ear that have made David Mamet one of the most acclaimed voices of our time. It stands beside *To Kill a Mockingbird* as a powerful exploration of justice, racism, and the “rush to judgment.” “Mamet’s philosophical intensity, concision, and unpredictable narrative strategies are at their full power.” —The Washington Post “In this historical novel, playwright, filmmaker, and novelist Mamet presents disturbing cameos of Jewish uncertainty in a Christian world.” —Library Journal “The horror of the story is beautifully countered by the unusual grace of Mamet’s prose.” —The Irish Times

Paper dolls, with costumes representative of the clothes, pets, and toys for the Dingle Dell characters between 1913-1925 and clothes from other countries for Dolly Dingle.
