letters of Paul—as well as other early Christian sources, historian and scholar James Tabor reconstructs the origins of Christianity. Tabor reveals that the familiar figures of James, Peter, and Paul sometimes disagreed fiercely over everything from the meaning of Jesus' message to the question of whether converts must first become Jews. Tabor shows how Paul separated himself from Peter and James to introduce his own version of Christianity, which would continue to develop independently of the message that Jesus, James, and Peter preached. Paul and Jesus gives us a new and deeper understanding of Paul as it illuminates the fascinating period of history when Christianity was born out of Judaism and became the religion we recognize today.

This volume not only gathers the author's significant contributions to date but also includes new material. Divided into nine parts, it is set in the wider context of a living dialogue and debate. The introduction maps out Dunn's extensive work in Pauline and Markan studies. The final chapter, "The Theology of Galatians," serves as a summary of Dunn's current position on Paul and the law and brings the volume to a convincing conclusion.

Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity.
