From Paulo Coelho, author of the international bestseller *The Alchemist*, comes a poignant, richly poetic story that reflects the depth of love and life. Rarely does adolescent love reach its full potential, but what happens when two young lovers reunite after eleven years? Time has transformed Pilar into a strong and independent woman, while her devoted childhood friend has grown into a handsome and charismatic spiritual leader. She has learned well how

to bury her feelings . . . and he has turned to religion as a refuge from his raging inner conflicts. Now they are together once again, embarking on a journey fraught with difficulties, as long-buried demons of blame and resentment resurface after more than a decade. But in a small village in the French Pyrenees, by the waters of the River Piedra, a most special relationship will be reexamined in the dazzling light of some of life's biggest questions.

From Bernhard Schlink, the internationally best-selling author of *The Reader*, come seven provocative and masterfully calibrated stories. A keen dissection of the ways in which we play with truth and less-than-truth in our lives. *Summer Lies* brims with the delusions, the passions, the outbursts, and the sometimes irrational justifications people make within a *mélange* of beautifully rendered relationships. In "After the Season," a man falls quickly in love with a woman he meets on the beach but wrestles with his incongruous feelings of betrayal after he learns she 's rich. In "Johann Sebastian Bach on Ruegen," a son tries to put his resentment toward his emotionally distant father behind him by proposing a trip to a Bach festival but soon realizes, during his efforts to reconnect, that it wasn ' t his father who was the distant one. A philandering playwright is accused to infidelity by his wife in "The Night in Baden-Baden," but he sees her accusations as nothing more than a means to exculpate himself of his guilt as he carries on with his ways. And in "Stranger in the Night," an obliging professor becomes an accomplice—not entirely unwittingly—to the temporary escape of a charismatic fugitive on a delayed flight from New York to Frankfurt. The truth, as once character puts it, is "passionate, beautiful sometimes, and sometimes hideous, it can

make you happy and it can torture you, and it always sets you free. ” Tantalizingly, so is the act of telling a lie—to others and to ourselves.

The Vision behind Unconditional BasicIncome, an idea that already has history. It is a story picturing the vision behind the idea of all people receiving an unconditional monthly amount of money their whole life long to cover their basic needs. In this story a couple in love is in the role of the leader of the USA and implements UBI on their own wise way into life for all people. When we don't have a vision, we are continuing with short term solutions within old believes. This book is feeling and imagining out of the box, bringing utopia into reality, asking new questions and working out fundamental new solutions. It is about Tara and Nevio, leaders, how life prepared them for the purpose of being President to integrate this financial floor into society for everyone. It describes their journey from vision, research, discussion, action to becoming reality and it describes an idea how to finance it with the help of the YangCoin, a cryptocurrency invented just for the payment of UBI to the people, decentralized, non-governmental. The story combines imagination, real life experience, real facts and links so that the reader can realize how close we could be to this idea of receiving UBI and what amazing evolutionary fundamental change this impact-chain-reaction with UBI will start. With describing a possible vision we all can have a glimpse of the whole picture of change. Learn more about the content, watch the Booktrailers:

series. They were masters of the darkness, searching through eternity for a mistress of the light. . . He ran with wolves. . . materialized from the mists. . . hijacked the very heavens to whims. . . He was the dark guardian of his people. So how, after centuries of a bleak, soulless existence, had he, Lucian Daratrazanoff, suddenly come to the crave petite, curvy colorful lady cop Jaxon Montgomery, who foolishly made it her life's work to protect others from harm? Fiercely daring, Jaxx would sacrifice anything to shield others – particularly since a deadly menace dogged her every footstep, threatening all who got close to her. And strangely seductive, piercingly erotic Lucian was no exception. Lucian was powerfully, piercingly mesmerizing – oddly gentle yet clearly a born predator. He had vowed to possess her, to guard her for all time. Yet with his every thirsty kiss, was he drawing Jaxon more deeply into danger . . . and his dark, mysterious desires?
